MEXIA, TEXAS, WEDNESDAY, NOV. 5, 1924.

75c PER MONTH IN ADVANCE

LIMESTONE COUNTY GIVES "MA" LEAD OF OVER 1700 VOTES OFFICIAL CANVASS MAY BE SOUGHT IN TEXAS COOLIDGE SWEEPS THE COUNTRY IN TUESDAY'S ELECTIONS

OFFICIAL REPORT GIVES FERGUSON LEAD OF 134 IN MEXIA

Limestone county went for "Ma" Ferguson in Tuesday's elections stronger than in the last primary when her opponent for the office of Governor of Texas was Judge Felix D. Robertson. At 2:30 Wednesday, with several boxes out, the reports indicated that her lead over Dr. George C. Butte, G. O. P. nominee, would be more than 1500 votes. At that hour "Ma" had been credited with receiving 2,167 votes and Butte 689, giving her a lead of 1778.

The boxes that were out were Mexia, Fulton, Tehuacana, Hancock, Coolidge, Willow Springs and Elm Ridge.

The reports in showed that Butte carried Watt, Prairie Hill, Delia, Billington and had tied at Mustang. The other boxes were carried by "Ma." Of the boxes out, all are expected to give "Ma" a large vote, with the exception of Coolidge.

At Mexia, according to the final returns submitted at noon, the total vote cast was 1254. Of those 14 were declared to have been mutilated and 501 votes were for "Ma" and 457 for Butte, giving "Ma" a lead here of 134 votes. According to this only 1018 votes were counted in the Governor's totals, this left 206 votes unaccounted, with the exception of the 14 mutilated ballots, which left 192.

Mr. Fred Bennett, supervisor of the polls here, stated that these 192 were not counted, on account of the voters in such instances having failed to comply with his construction of the Terrell election law. In this number it is understood that many were not counted where the voters had scratched the name of Mrs. Ferguson and under her name in the Democratic column had written the name of Dr. Butte. Mr. Bennett said that in some instances these casting Republican tickets had scratched Butte and written the name of Mrs. Miriam Ferguson and in all these instances also he had instructed that they not be counted. He also is credited with having stated that had all the ballots been counted in which Dr. Butte's name had been written that he would have carried the Mexia box by a small majority.

Mr. Bennett states that he used his best judgment and believed he was doing the right and legal thing, saying that the Terrell Election law had been followed in the matter. He held that it was a clear violation of the Terrell election law to write in any name under the column where a printed name had been inserted and that the only way to write the name in under the column provided for such a purpose of the ballot.

The Limestone County Vote, incomplete, is as follows:

Kirk	61	38
Thornton	493	46
Mr. Antioch	38	27
Groesbeck	584	121
Datura	30	11
Personville	160	20
Oleta	134	2
Elm Ridge	37	2
Headsville	49	5
New Hope	45	6
Locust Grove	28	11
Fross	60	4
Big Hill	138	6
Delia	27	39
Shiloh	102	32
Ben Hur	98	29
Horn Hill	36	2
Watt	25	35
Billington	11	43
Mustang	15	15
Prairie Hill	65	95
Munger	26	15
Kosse	270	47

"MA" LEADS IN BELL COUNTY, BUT LOSES HER OWN PRECINCT AND POSSIBLY CITY OF TEMPLE; HER SUPPORTERS CELEBRATE!

TEMPLE, Texas, Nov. 5.—With forty out of fifty-six Bell County precincts reporting before midnight, Mrs. Miriam A. Ferguson has carried twenty-nine, with a total vote of 3,988 and Dr. George C. Butte eleven, with a total of 2,622.

Indications point to the loss of Temple by the Ferguson forces to Butte by an estimated majority of 500, while returns indicate that Butte will carry Belton by at least 250 majority.

Mrs. Ferguson lost her own precinct to Butte by about fifteen majority.

Three boxes in East Bell County, Ocker, Ratibor and Cyclone gave Mrs. Ferguson 763 and Butte 9. These communities are peopled by German and Bohemian farmers. A demonstration was staged at

midnight by Ferguson supporters in celebration of victory at which the firing of anvils, tooting of horns, impromptu speeches and an automobile parade were features.

FINAL FLASH.

DALLAS, Tex., Nov. 5.—Texas Election Bureau Bulletin No. 39, Dallas, Texas, Nov. 4. (Midnight)—Mrs. Miriam Ferguson, Democratic nominee, had lead of 33,414 votes over George C. Butte, Republican Nominee for Governor, in today's election, when the Texas Election Bureau closed at midnight. This lead is on figures from 333 towns and cities. Indications are that Mrs. Ferguson lead may be 100,000 should the total vote reach 600,000. The total vote accounted for in town reports is 194,828, Ferguson 114,121 Butte 80,707.

DEMOCRATS LOSE TWO SEATS IN THE SENATE TUESDAY

(By United Press)

NEW YORK, Nov. 5.—A Coolidge day was promised to roll into office today an out and out administration Republican majority of both Houses of Congress—a thing unexpected even by the most optimistic Republicans.

In the Senate two Democrats seats were apparently lost and three more rocked near destruction. If the candidates leading at 8 a. m. by slender majorities prevail the Republicans will be able to control the LaFollette balance of power in both Houses at the next session with several votes to spare.

At 6 a. m. the Democrats had won ten Senate seats that they formerly held in southern states. Also they had apparently lost two that they formerly held in Kentucky and Oklahoma—nominally Democratic states. But there W. B. Pine and Fred M. Sackett, Republicans were apparently so far ahead of their opponents that they might be considered safely in.

On the other hand the Republicans had won 14 seats they formerly had and the two more the Democrats gave them.

Latest returns from Massachusetts showed that Speaker Frederick H. Gillett was forging ahead of Senator David I. Walsh, Democrat, who was trailing by some 5,000 votes.

In Montana Senator Thomas J. Walsh, Democrat, was seen-sawing with his Republican opponent so consistently that it was impossible to forecast the outcome. There again the odds favored Mr. Coolidge.

Only in New Mexico were the chances against him. There Senator H. O. Bursum, Republican incumbent, was trailing slightly behind his Democratic opponent. To pile upon the gains made in the Connecticut, New York, and Pennsylvania house delegations by the Republicans, Ohio early this morning reported a Republican gain of one seat over the Democratic delegation from that state.

FERGUSON LOOMS AS VICTOR BY MAJORITY OF 34000

(By United Press)

DALLAS, Nov. 5.—Mrs. Miriam A. Ferguson was an apparent victor in the Texas gubernatorial race by a majority of approximately 34,000 over Dr. George Butte, her republican opponent, upon the basis of last returns to the Texas Election Bureau early today.

The last report to the Bureau gave Mrs. Ferguson 114,121 and Butte 80,707. Official canvass of the vote for governor will be made by the legislature, January 13. The final plurality of the woman candidate was estimated by the Bureau at 100,000 based upon the premise that 600,000 votes were cast yesterday.

Returns in the presidential race at this report were: Davis 108,383; Coolidge 26,303; La Follette 7444.

Georgia—William J. Harris, Democrat.
Idaho—William E. Borah, Republican.
Illinois—Charles S. Deneen, Republican.
Iowa (incomplete).
Kansas—Arthur Capper, Republican.
Kentucky—Fred M. Sackett, Republican.
Louisiana—Joseph E. Ransdell, Democrat.
Maine—Bert M. Fernald, Republican, (elected in September).
Massachusetts (incomplete).
Michigan—James Couzens, Republican.
Minnesota (incomplete).
Mississippi—Pat Harrison, Democrat.
Montana (incomplete).
Nebraska—George W. Norris, Republican.
New Hampshire—Henry W. Keyes, Republican.
New Jersey—Walter E. Edge, Republican.
New Mexico (incomplete).
North Carolina—F. M. Simmons, Democrat.
Oklahoma—W. B. Pine, Republican.
Oregon—Charles L. McNary, Republican.
Rhode Island—Jesse H. Metcalf, Republican.
South Carolina—Coleman L. Blease, Democrat.
South Dakota—W. H. Master, Republican.
Tennessee—L. D. Tyson, Democrat.
Texas—Morris Sheppard, Democrat.
Virginia—Carter Glass, Democrat.
West Virginia—Guy D. Goff, Republican.
Wyoming—Frances E. Warren, Republican.

30 STATES ARE REPORTED IN REPUBLICAN COLUMN

(By United Press)

NEW YORK, Nov. 5.—President Coolidge has swept the country for re-election and according to United Press returns at an early hour today has taken with him to Washington a clear working majority in both House and Senate.

The scope of his victory is told in the definite indication that at least 30 states with a total electoral vote of 354, swung into the Coolidge column, while John W. Davis appeared to have captured but 13 Southern states, including Tennessee, for a total of 136.

Senator LaFollette had such a lead in Wisconsin on the basis of convincing returns early today that his home state's 13 electoral votes seemed to be safely his. There remained in doubt Missouri, Montana, Nevada, New Mexico—a total of 23 electoral votes, all of which appeared likely to go into the Coolidge column.

Great as were Coolidge's pluralities, however, he was unable to prevent the victory of two popular Democratic state executives—Governor Al Smith of New York and Governor Vic Donahey of Ohio. Coolidge failed to measure up to Warren G. Harding's landslide in New York four years ago but it was an overwhelming victory nevertheless in the empire state and that Smith should be returned by nearly 200,000 majority despite it, testified to the latter's tremendous popularity.

Donahey's reelection despite the Coolidge sweep in Ohio was less imposing but equally striking. On the face of the tabulations early today, there were two flops in normally Democratic states that demonstrated the fickleness of politics. Four years ago Tennessee shattered the faith of her party when she dropped her 12 electoral votes into the arms of Harding. The same year Kentucky, after a brief experiment with Republicanism, returned to the Democratic fold and voted for Cox. Yesterday, however,

LAST FLASH

(By United Press)
NEW YORK, Nov. 5.—Coolidge 379, Davis 139, La Follette 13. With the exception of the possible switch of three votes in New Mexico from Davis to Coolidge this will be the candidates' standing in the electoral college when all returns are in. In New Mexico, where the count is unusually slow, the democrats waged a strong fight against "Fall rule." Of the other doubtful states Missouri turned definitely into the Coolidge column, and Montana, where La Follette was threatening, showed a marked trend toward republicans in the morning tabulation. The House is assuredly republican, gaining three from West Virginia, Davis' home state. The Senate, however, is still doubtful.

Walton Overwhelmed At Oklahoma Polls

(By United Press)

OKLAHOMA CITY, Nov. 5.—Six out of eight congressional districts in the state went democratic, with the state for Davis by a two thirds vote, is indicated. Davis had a lead of 20,000 this morning.

Former Governor Jack Walton, democratic senatorial candidate, was overwhelmingly defeated by W. B. Pine, republican.

WALSH RE-ELECTED

HELENA, Mont., Nov. 5.—Early morning returns showed Senator Thomas Walsh slowly forging ahead for re-election, although not out of danger.

DAVIS LOSES STATE OF HIS BIRTH IN HIS RACE TO WASHINGTON

(By United Press)

CHARLESTON, W. Va., West Virginia, the home state of Davis, looked republican this morning after returns of practically half the state gave Coolidge a lead of 24,000 this morning.

MEXIA GETS NEWS OF ELECTION ON ELECTION NIGHT

Thousands of citizens of this place and many from distant neighboring points and communities gathered in front of the Anderson-Horn Drug Store Tuesday night and receive the first official election returns, as furnished by the Texas Election Bureau through arrangements with The Mexia Daily News and Val Horn of the Anderson-Horn Drug Store.

As in previous primary elections this year, the block on Commerce was blocked off with ropes, to permit the big crowd to stand before the screen and see the returns as flashed from all parts of Texas. Mexia was never furnished with better reports or more comprehensive, the same service being supplied here as was available in all the larger cities of Texas.

The crowd was as demonstrative as in previous elections, the Ma Ferguson supporters being overjoyed at the returns constantly pined up a growing lead for her. As the hours toward midnight approached and her lead was being cut down, Butte supporters began to make their presence obvious.

By 9:30, the crowd seemed to be assured that Ma's election was certain and many then left, but hundreds waited until "Goodnight" was flashed at about 11:30. The returns then given were the same as those reaching Mexia on late morning papers on the 10:20 train. The News thus living up to its claim of being 14 hours ahead of any daily newspaper circulating in Mexia with important news.

The Election Bureau closed finally at midnight.

The next official count will be disclosed when the next State legislature convenes in Austin in January 1924.

Many remained at the screen especially anxious to get the final results on Mexia. The box count here was not concluded until far after midnight, although three sets of counters were kept busy, according to Supervisor Fred Bennett.

The returns given were from city, county, state and nation, the public being apprised of the sweeping victory of Coolidge before they retired.

In presenting this information, the assistance of many citizens here, the Western Union Telegraph office and the Southwestern Telephone Company was given, all of which is duly appreciated.

MORE CONCERNS HELP MERCHANTS' SHOWER

In previous announcements of the donors to the Merchandise Shower, some few names were omitted and we want to publicly acknowledge these gifts: Arnett Auto Accessories Company, 4 inner tubes; Spikes Lumber Company, 4 gallons of paint; Mexia Compress Company, cash, \$15.

BUTTE DECLARES PROBE INTO ALLEGED IRREGULAR METHODS WILL BE MADE

AUSTIN, Texas, Nov. 5.—Charges that numerous ballots were thrown out at the polls, where his name was written in after Mrs. Ferguson's name had been scratched, were made here by Dr. George Butte, republican candidate for governor, in refusing to concede victory to the woman candidate. He declared that an investigation of alleged irregularities will be demanded. The attorney general of Texas had ruled that a "split" ticket was permissible.

TALBOT SAYS FEDERAL ELECTION MUST BE COUNTED RIGHT WAY

DALLAS, Texas, Nov. 5.—"This was a federal election and votes must be counted right," W. E. Talbot, Butte campaign manager, declared here in announcing that he will start a state wide check up of balloting as a preliminary step to making a formal demand upon the secretary of state for an official canvass.

"The apparent victory of Mrs. Ferguson upon the basis of incomplete returns, is misleading and a full vote will show Dr. Butte with a substantial majority," he declared.

Talbot said he had reports from El Paso, Coleman, Galveston, and Limestone counties indicating that "split" ballot tickets had been thrown out by election officials as irregular, despite a ruling to the contrary by the attorney general.

ATTORNEY GENERAL RULES SPLIT TICKET IS LEGAL CITING PLOTT VERSUS MOORE; CASE TYPICAL OF MEXIA SITUATION

AUSTIN, Texas, Nov. 5.—More election inquiries were received at the Attorney General's department Tuesday than on many past election days. Nearly all of them related to voting split tickets and the views expressed in a recent opinion were repeated, that voters had the right to vote for candidates on more than one ticket. It was Attorney General Keeling himself who answered the questions, as he had excused all of his assistants to go home and vote. Keeling votes in Austin.

Some election judges evidently had not seen the opinion because they asked if person could vote the Democratic ticket with the exception of Governor and in that place vote for Dr. Butte on the Republican ticket. Affirmative answers were given in every instance. From Corsicana and other places came the inquiry as to whether persons could vote the Republican ticket with the exception of Governor and there vote for Ma Ferguson in the Democratic column. An affirmative answer was given.

Judge Keeling advised, in response to messages that "State statutes do not authorize levy by city of poll tax against women and for this reason they are not required to pay same. Since women are not required to pay city poll tax payments of same can not be required of men as prerequisite to voting because of the nineteenth amendment to the United States Constitution which prohibits suffrage discrimination on account of sex. This does not apply to State and county poll tax since both men and women alike subject hereto are required to pay same."

The Attorney General held steadfast to the doctrine enunciated in Plott vs. Moore, 206, S. W. 958, in upholding the split ticket.

Several persons who had resided in the county less than six months asked if they could vote for national and State candidates, since they had been in the State more than a year, but the Attorney General answered that they must have resided in the county at least six months before being eligible to vote at all.

MISSOURI PACIFIC WOULD SPEND MILLIONS

(By United Press)
WASHINGTON, Nov. 5.—The Missouri Pacific Railway has applied to the Interstate Commerce Commission for authority to issue \$3,000,000 of five per cent equipment trust certificates, the proceeds to be used to acquire fifty locomotives, one thousand automobile cars, two dining cars, 75 cabooses, two observation parlor cars and two wrecking derricks.

FRENCH SEE U. S. JUST LIKE ENGLAND

(By United Press)
PARIS, Nov. 5.—The republican landslide in the United States presidential election is interpreted by Frenchmen generally as a manifest action of radicalism and a desire not to release a bird in the hand for several in the bush. The press generally draws analogy between British and American elections.

KENTUCKY DOUBTFUL

(By United Press)
LOUISVILLE, Nov. 5.—Though the republicans have a lead, seeming to assure a majority on final count, the democrats refuse to concede the state, and the vote for president and senate is close enough that it is apparent the state may go either way.

DISPELS FOG DANGER FOR AVIATORS

FOG PENETRATES INTO

Dr. Warren, of Harvard University, is in Washington making tests at Bolling Field of a process by which fogs and clouds may be dispelled. Smoke screens brushed aside, and the movement of troops made clear, electrically treated sand is blown into the clouds and fogs, dispelling them. Captain A. L. Egan, of the Army Air Service, in charge of the experiments, is shown at the generator which electrifies the sand before it is discharged.

The Art of Beauty

By B. M. DOUGLAS

Mario Antoinette

SINCE writers are wont to attribute any deviation from a placid conventional disposition to a streak of red hair, suppressed or expressed, Mario Antoinette, the beautiful wife of Louis XVI, who stirred up civil war in France, may blame her temperament on her hair which had quite a tinge of red. However, being of a more conservative nature, we will admit that we have known a number of people who have stirred up tempers who have not been able to boast of red hair.

From a Copy Print (C) Curtis and Cameron

With the brilliant complexion of so many of the Continental beauties of the day, with features of the pleasant, rosy-cheeked type, and with reddish hair, Mario Antoinette possesses a youthful freshness of appearance as well as the liveliness and brave recklessness of youth.

Among the red-haired "society" there are many fortunate enough to have sufficient natural color, which, often an enchanting flash, that color lipstick should be avoided unless the hair is very dark, a light, color lipstick is necessary.

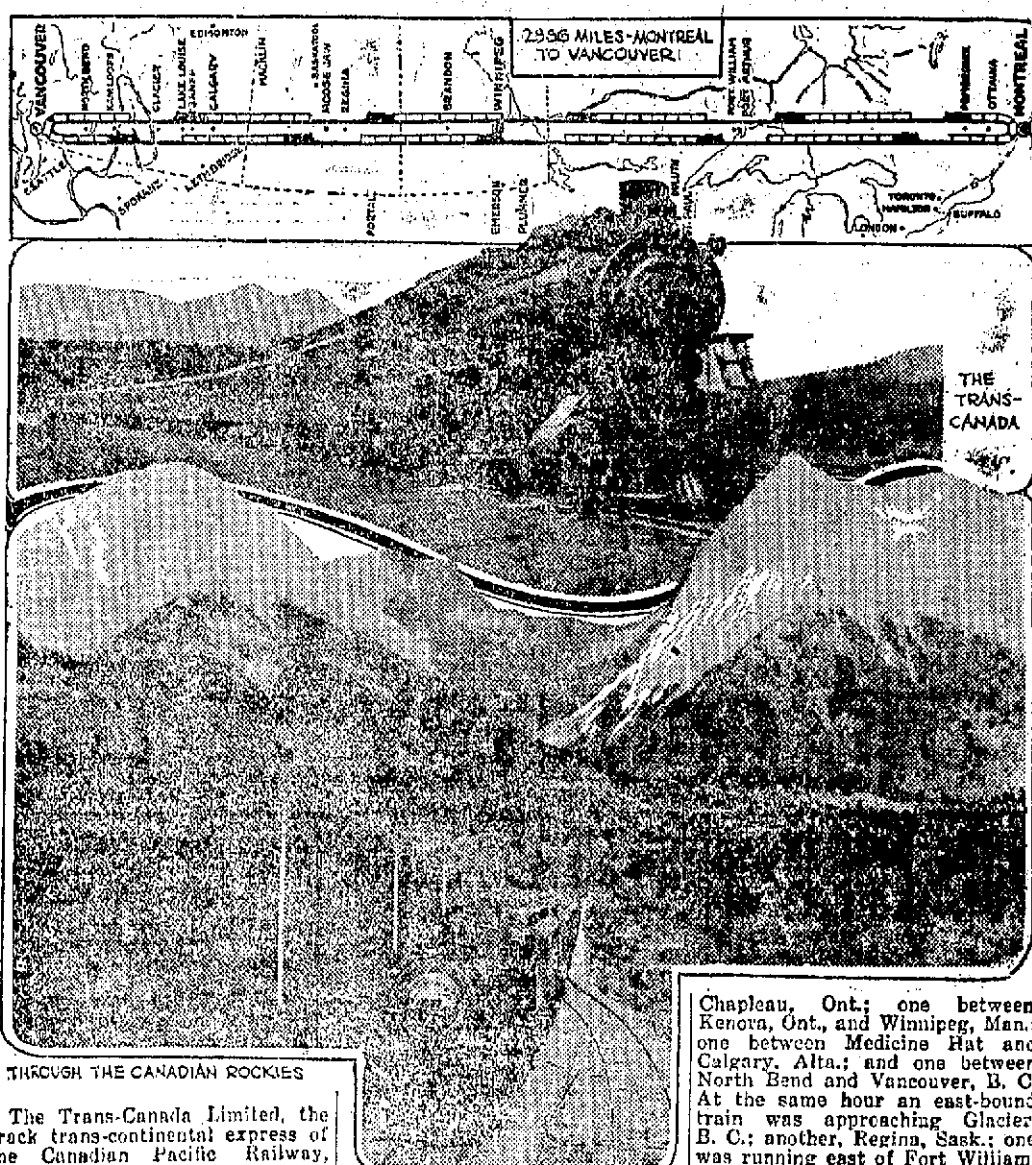

MEN AND WOMEN IN THE NEWS OF THE DAY

Below: EARL CARROLL & LEATRICE JOY

At the height of her career as a motion picture star, Leatrice Joy has announced her retirement, and will devote the rest of her life to her baby daughter, now three months old, born a few days after her mother obtained a divorce from John Gilbert, an actor. Edsel Ford, son of Henry Ford, was an important witness in the Detroit trial of Mrs. Anna Hilt, charged with attempted extortion under threat to kidnap the Ford children. The sum of \$1,000,000 was asked, held in \$500 bail for trial before the Justices of Special Sessions on the charge of displaying obscene pictures in the lobby of his theatre, Earl Carroll, noted New York theatrical producer, refused to give bail and went to the Tombs to await trial. Baroness de Styreco, thrice divorced, is reported in London as being engaged to the Duke of Westminster, whose troubles with his life have been aired recently in court.

Crack Canadian Train Covers Thrice Distance to Moon

THROUGH THE CANADIAN ROCKIES

The Trans-Canada Limited, the crack trans-continental express of the Canadian Pacific Railway, operated during the tourist season, completed its 1937 schedule on Sept. 27th, when these trains steamed into the terminals at Vancouver and Montreal, having made 238 trips of a total mileage of 748,748 miles, which is three times the distance from the earth to the moon. The run from Montreal to Vancouver was 2,396 miles, covered in 90 hours, and 2,707 miles from Toronto to Vancouver in 88 hours.

G. B. Foster, Passenger Traffic Manager, summing up the season's performance, gave out some remarkably interesting figures which afford a partial insight into the magnitude of the task of maintaining such a service. The equipment of each of the ten trains consists of one baggage car, one dining car

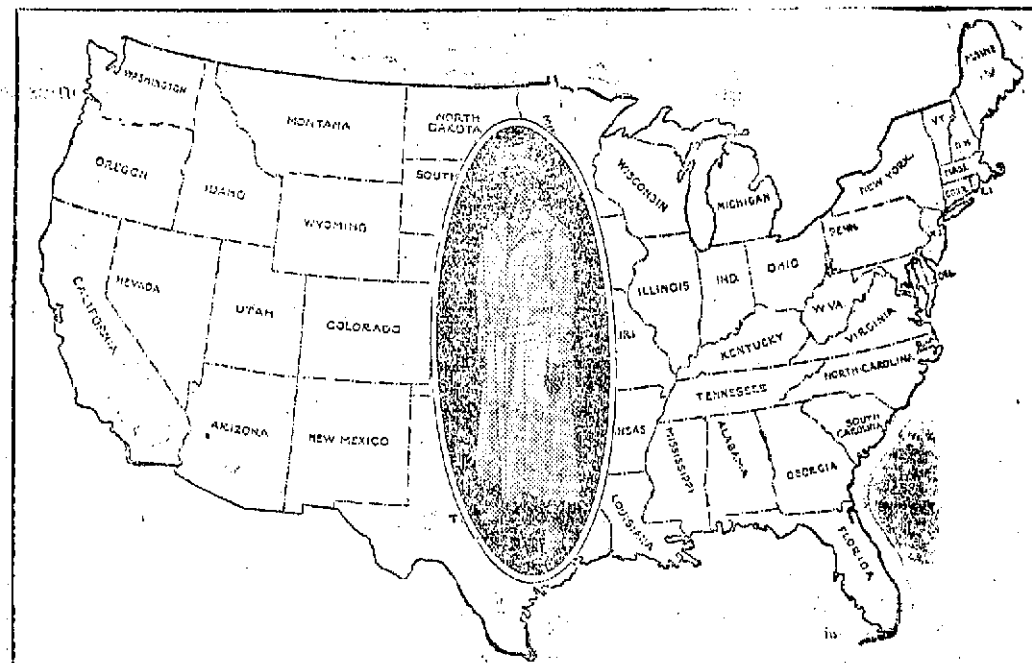

and four standard sleepers, one 10-compartment car, Vancouver to Montreal, and another from Toronto to Winnipeg, with a drawing room-3-compartment car from Montreal to Vancouver. There is also a local sleeper attached to west-bound trains from Ft. William to Winnipeg. The average number of passengers at night varies from 75 to 110 persons. During 119 days that the train was in service this season, there was a one-night use of approximately 100,000 berths.

Each day four Trans-Canada trains were in motion over the company's lines in each direction. At 8 A. M. each day, one was west-bound between Carleton Place

Chapleau, Ont.; one between Kenora, Ont., and Winnipeg, Man.; one between Medicine Hat and Calgary, Alta.; and one between North Bend and Vancouver, B. C. At the same hour an east-bound train was approaching Glacier, B. C.; another, Regina, Sask.; one was running east of Fort William, and one between Chalk River and Ottawa, Ont. Ten complete sets of equipment, 8 of which were in service each day, while two were being cleaned, refitted and turned around at the end of the run, were required to maintain the service.

The year's service called for 22 changes of engine on each Trans-Canada run from Montreal to Vancouver and two engines for the Toronto-Sudbury connection made by each train. This service required 48 engine runs daily, and including these, the trains made only 28 stops on their whole run. Steady movement at a uniform speed over long distances and not on high speed, is the reason the Trans-Canada maintained its schedule and achieved the smooth running for which it is noted.

Nurses Stop for No Barrier in Waging Unrelenting Warfare Against Disease

THE RED CROSS NURSE TYPIFIES THE HUMANITARIAN WORK OF THE AMERICAN RED CROSS THROUGHOUT THE NATION.

IN the welter of battered communities struggling to emerge from disaster; in the back reaches of isolated settlements among people denied the simplest facilities for ordered existence; in the rural settlements, as in the great cities, the Red Cross nurse is ever in service. It is not strange, therefore, that probably 75 per cent of Americans, when they think of Red Cross, visualize the great humanitarian organization in the figure of the Red Cross nurse.

For forty years she has gone about her self-sacrificing tasks without thought of material reward—doing all for others, in war and in peace. She is always on active duty in the battle against disease and to establish preventive measures whose goal is the making of a healthy, self-reliant citizenship. In thousands of communities the Red Cross nurse is striving for public enlightenment in health, is taking into schools and homes the lessons of hygiene and the simple though effective means of caring for the sick, while under the government she is on duty with the Army, Navy, U. S. Veterans Bureau and the U. S. Public Health Service.

The Red Cross roll carries the names of 40,630 nurses, 900 having enrolled during the last year. The work of the Red Cross nurse is in intimate contact with the people as individuals, yet that work is rarely spectacular although it forms the vivid background of

health advancement. In the United States she has carried the gospel of health to the far corners and has given tremendous impetus to health education especially in the rural areas. In more than 2,000 communities the Red Cross nurse has been engaged to establish public health nursing services, a work which has required more than 4,000 nurses and resulted in the permanent foundation of such nursing services and the absorption of them by municipal and county authorities in hundreds of places, 75 of these services being taken over by the taxpayers during the last year.

The policy of the American Red Cross is opposed to duplication of services rendered by any other organization, but it has found in the rural field that cultivation along public health lines is still very meagre. An adequate service of one public health nurse for every 2,000 population indicates the vast extent of this field throughout the entire country. This is a development work not of a year or two years, but of a decade through the combined effort of both official and voluntary agencies having an interest in health.

For the long haul up the grade to a nation-wide and permanently supported service for the public health the Red Cross has set a high standard for urban and rural nursing. The "haunting power" of more than 3,500 Red Cross Chapters is being exerted everywhere with greater spirit in the realization

that the Red Cross nurse has a usefulness and an influence in this work now well understood, and that ahead lie years of creative industry of inestimable value to the community.

Through teaching in the schools, in classes of mothers, by practical demonstrations, talks and home visiting, and the introduction of hot lunches for school children, the Red Cross nurse as nutrition instructor opens new fields for the organized Chapter forces to promote this important program. The nurse instructor spreads understanding of the fundamentals of nutrition as well as of the dietary values of food materials. In the past year 135,500 children and 13,200 adults were taught nutrition by the Red Cross, 35,000 homes were visited, and in 1,160 schools hot lunches were adopted as a stimulus to physical and mental fitness. Educators Warmly Praise the Work In inviting the people to join the American Red Cross during the enrollment period from Armistice Day to Thanksgiving Day, Nov. 11-27, or to renew their memberships, the Red Cross places before the country this nursing service as but one of its unceasing endeavors in behalf of humanity. The healthiest individual, as well as every individual who knows from experience the gradations down from a perfect health equipment, is urged to support by his allegiance the American Red Cross as a simple duty to himself and his fellow man.

MEN AND WOMEN IN THE NEWS SPOTLIGHT

Below: FLORENCE ALLEN, BETTY FITCH, DOROTHY DALTON & MICHEL FOKINE

Betty Fitch, one of the members of the cast of Earl Carroll's Vanities, offered \$4,000 ring as bail when Carroll was held in \$500 bond for displaying alleged obscene pictures in lobby of his theatre, but he refused bail and went to Tombs "for principle." Florence Allen, sprightly New York show girl, weakened in her battle with life and attempted to die by poison. When physicians pulled her through, she said she was sorry, and that she wouldn't try it again. Dorothy Dalton, motion picture actress, lost her court fight to recover \$5,000 for dresses lost from her trunks in a New York city hotel's storeroom, the court holding she assumed the responsibility when she placed them there. Michel Fokine, famous Russian dancer, lost \$1,500 because of his temper. He sued the Shuberts for that amount, which he was to have received for rehearsing his ballet. At the first rehearsal, some one laughed at his scanty costume and he left the theatre in a huff and refused to return. The courts ruled against him.

Hints From a Housewife's Kitchen Diary

Appetizing Autumn Dishes

CASSEROLE OF LAMB WITH VEGETABLES

Oven dishes are becoming more popular because the appearance of the food is more appetizing than that prepared on top of the stove. And experienced housewives who are using self-basting enameled ware roasters, realize that this utensil is best adapted to meat dishes where basting plays such an important part in the flavor and browning of the roast. And after the meat is cooked, enameled ware is most easily cleaned, no matter how thick the gravy.

A wholesome baked dinner consisting of meat and vegetables can be prepared in a self-basting enameled ware roaster, which saves considerable time. All the real work is in the preparation—the cooking only requires an oven of the proper temperature and timing. Wipe two pounds of lamb shoulder or neck chops with a damp cloth, trim, sprinkle with salt, pepper and flour and brown quickly in a hot, greased frying pan. Place in a self-basting roaster and add two cupsful of hot carrots and a dozen small white onions. Add two cupsful of water to the fat in the frying pan; let boil up once and then pour over the meat, adding more water if necessary, just to cover the chops. Cover the roaster and bake in a moderate oven for one hour. Then add one teaspoonful of salt, six small potatoes cut in halves, and two cupsful of canned peas. Cover closely again and continue baking one hour longer. Thicken the gravy slightly before serving.

TRY THIS GREEN TOMATO CONSERVE

By this time of the year most housewives have all sorts of delightful preserves, preserves and jams already stored away for winter use. So this is just the time to turn attention to green tomatoes, which, really have many possibilities.

A conserve is one delicious way of preserving the versatile tomato. A modest supply of this sweetmeat can be made with four pounds of green tomatoes. Slice the tomatoes and remove the seeds as far as possible. Then cut them into small pieces, drain well and chop fine. Slice four lemons also and remove the seeds, cover with cold water and simmer till tender; then chop them together with one pound of seeded raisins. Cut one half pound of crystallized ginger into minute pieces, but do not chop it. Mix all together well, and drop in a few tiny pieces of stick cinnamon. Add four pounds of sugar, stir vigorously and let stand overnight.

Because of the fruit and vegetable acids contained in this mixture and the necessity of its standing in a utensil overnight, an enameled ware preserving kettle should be used. The porcelain-like surface of the enameled ware is proof against these acids.

will insure the color and flavor of this unusual and piquant delicacy. In the morning simmer over a moderate fire till thick and rich. Remove the cinnamon and place in air-tight jars while hot.

"JUST DIFFERENT" BAKED APPLES

In most localities apples are abundant at practically all seasons, but they are inclined to be better at this particular time of the year. Perhaps no one fruit lends itself to serving in more varied ways and a baked apple doesn't necessarily mean the usual kind that is served at breakfast. Baked apples filled with tempting dainties would never fail to make an appeal as dessert.

Select six large firm, tart apples, core and pare them about one-third of the way down from the stem end. Place them with the peeled surface upward in a deep enameled ware dish the vitreous, porcelain-like surface of which makes it perfect for this use. Make a syrup of one cupful of sugar and one and one-half cupsful of water boiled together for six minutes. Squeeze some lemon juice over the peeled part of the apples, pour the syrup over them and bake in a moderate oven for ten minutes. Then remove from the oven and fill the cavities with a mixture made of chopped dates and raisins which have been mixed with cinnamon and marshmallow. Return to the oven for thirty-five minutes, and baste occasionally.

OLD FASHIONED BAKED BEANS

Baked beans, prepared with bacon, make a very desirable dish for dinner. It is especially nice for busy days when one doesn't want to spend too much time in the preparation of a meal. But, as every housewife who has tried has discovered, making good baked beans is something of an art.

Pick over and wash two cupsful of dried white or kidney beans the evening before, and put them to soak in cold water, enough to cover. In the morning boil the beans, adding one tablespoonful of salt. When the skins loosen and turn back, remove from the fire and drain. Have ready one half pound of sliced bacon, one medium sized onion, one and one half cupsful of tomatoes and two tablespoonfuls of molasses.

A deep enameled ware baking dish is most desirable for preparing beans, because it is proof against acids in vegetables and will not affect or be affected by the tomatoes. Also, being dainty and china-like in appearance it can be used as a serving dish. Cover the bottom of a baking dish with some slices of bacon, add half the beans, salt, pepper and half the onion and tomatoes. Add the second layer in the same order. Pour over the molasses and boiling water to cover. Bake for a moderate oven.

County Federation of Women's Clubs is Organized

MRS. SAM COX IS PRESIDENT AND MANY MEMBERS AFFILIATE

GROESBECK, Texas, Nov. 5.—On invitation of the Groesbeck Shakespeare Club about sixty-five women met here this week representing the women's clubs of Limestone County for the purpose of reorganizing the County Federation of Women's Clubs. The call was made by the former president, Mrs. C. D. Kelley, who presided over the meeting. Other temporary officers of the afternoon were Mrs. Dan Parker, secretary, assisted by Miss Hattie Gilbert; Parliamentarian, Mrs. J. T. Cox; Pages, Mrs. Jason Chandler and Mrs. Tom Cain; Tellers, Mrs. Rufe Oliver and Mrs. Wilford Sanders; Resolution Committee, Mrs. A. C. Strickland, Mrs. Sam Cox and Miss Angie Poindexter. The towns of Coolidge, Mexia, Kosse and Groesbeck were represented but Thornton and other towns will be in the permanent organization.

Mrs. Kelly made appointment of committee chairmen as follows: Constitution and By-Laws, Mrs. W. W. Brown, Groesbeck; Miss John Sweatt, Mexia; Miss Angie Poindexter, Kosse; Program Committee, Mrs. J. T. Cox, Groesbeck; Fine Arts, Mrs. A. C. Strickland, Coolidge; Applied Education, Mrs. Virginia Bedford, Thornton; Public Welfare, Mrs. Fletcher Allen, Kosse; Press and Publicity, Mrs. C. S. Bradley, Groesbeck; Legislation, Mrs. W. M. White, Mexia; Home Economics, Mrs. Tom Cain, Groesbeck; Conservation and Clives, Mrs. S. J. Needham, Mexia; Industrial and Social Constitution, Mrs. A. P. Ellis, Thornton.

The permanent officers elected were: President, Mrs. Sam Cox, Mexia; 1st Vice President, Miss Angie Poindexter, Kosse; 2nd Vice President, Mrs. A. C. Strickland, Coolidge; Parliamentarian, Mrs. J. T. Cox, Groesbeck. This organization elected Mrs. Sam Cox as delegate and Mrs. C. D. Kelly, as alternate, to represent the Club at the State meeting to be held in Amarillo, in November.

The afternoon program was as follows:

"America, The Beautiful," by the Club.

Invocation, Mrs. J. Cull Sanders. Address of Welcome, Mrs. J. T. Cox.

Response, Mrs. Sam Cox. Report of Program Committee, Mrs. W. W. Brown.

Piano Solo, Mrs. A. C. Strickland. Purpose of Meeting, Mrs. C. D. Kelly.

Voice Solo, Mrs. Harry Humble. President's Address, Mrs. Jess McLendon.

Auld Lang Syne, Mrs. Mary Whitcomb.

Refreshments were served by Mrs. A. M. Blackmon and Mrs. Ben Rawls.

The Club slogan is, "An Active Federated Club in Every Voting Precinct." The next meeting will be held in Coolidge in March.

Little Lord Fauntleroy. Author Is Dead.

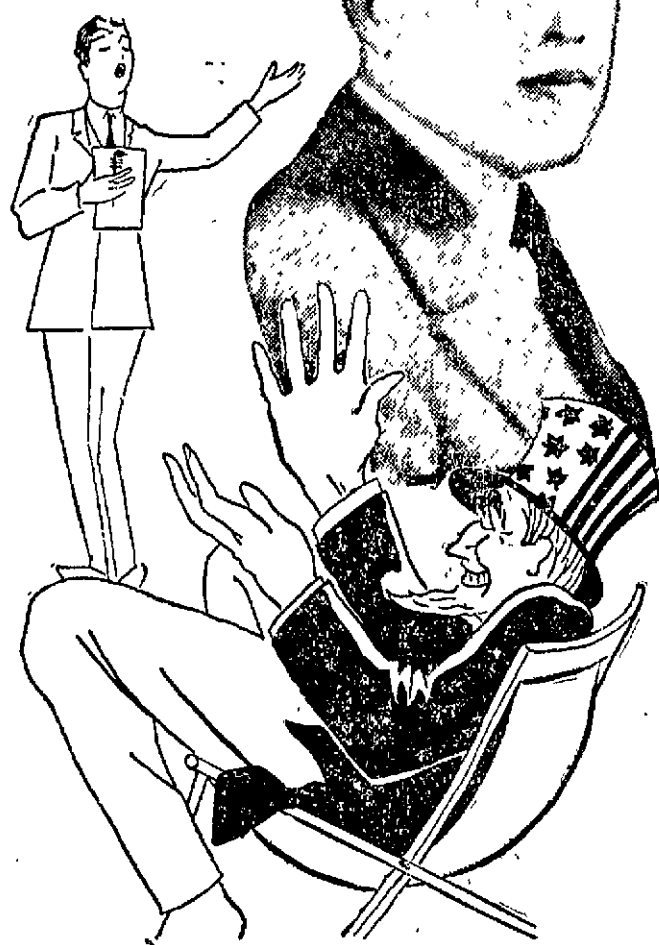

MRS. FRANCES BURNETT

Mrs. Frances Hodgson Burnett, author of "Little Lord Fauntleroy" and scores of other popular books, is dead at her Plandome, Long Island, N. Y., home, at the age of seventy-five. She was one of the world's highest paid writers, many of her works netting her 10 cents a word. In two years she received \$200,000 in royalties, one book paying her \$2,000 a week for a few months.

Werrenrath Invades Realm of Popular Music Hits

100% AMERICAN VOICE SUCCESS

REINALD WERRENRATH

Singer Thinks Turn About Is Fair Play—Cites Whiteman

"Well, turn about is fair play, isn't it?"

This was the quizzical answer of Reinald Werrenrath, world famous singer, when reproached by certain of his "highbrow" friends for his partial desertion of the classics for modern popular music.

"Paul Whiteman has invaded the classical realm," Mr. Werrenrath went on, "by applying soft-toned jazz treatment to many of the best known favorites of opera and concert goers. He has even deserted the ballroom temporarily and taken to the concert stage. He has not, however, deserted popular music."

Modern Music Good
"He recognizes, as I have come to, that there is real value in the

melodies now being written by young American composers and sung by the world. The test of a song's permanent value is that it shall awaken sincere response in its hearers. Such popular songs as have not met this test are forgotten. These are the songs that still live in the hearts of the people. Those are songs I want to sing."

What People Want
"That is why I have put 'Suppose I Had Never Met You,' the new song success from 'Little Jessie James,' on the records. It is modern American music—not highly cultured music, it is true, and rather sentimental. But it is not above the heads of the people who play it, sing it and listen to it, and all the music guilds and societies in America will never amount to a row of pins until they take up vigorous propaganda calculated to inspire knowledge and respect for this sort of music."

MEXIA DAILY NEWS
PRESS ROOM

WOMEN OF METHODIST MISSIONARY SOCIETY ELECT OFFICERS FOR THE CONFERENCE YEAR OF 1924

The ladies of the Missionary Society of the First Methodist Church met Monday, November 3rd, for an all day meeting of prayer. This is the week set apart by the Methodist ladies all over the world for prayer and self denial. The self denial offerings will be used in special mission fields in the United States and foreign countries.

Mrs. W. B. Andrews opened the meeting with all singing "What a Friend We Have in Jesus." The special subject stressed by Mrs. Andrews was, how Jesus prayed. Several ladies gave scriptures on the need of prayer. The map study of their mission in Mexico was led by Mrs. Landrum who led with a special prayer for our schools in Mexico. Mrs. Peyton gave a beautiful vocal solo. Miss Ward led the prayer for our Americans in Mexico and after a song the meeting was dismissed by Mrs. Kinchelee.

Lunch was served in the dining hall and promptly at 1:30 o'clock Mrs. Sweatt opened the afternoon session with all singing, "Close to Thee," Mrs. Andrews led in prayer.

Mrs. Berry and Mrs. Cecil White gave a little playlet on Missionary work, showing the enormity of the money given by the ladies in our self denial week. Mrs. E. M. Strange rendered a beautiful solo, with Mrs. Hayter at the piano. Mrs. Ben Smith gave a paper on the work among the miners in West Virginia. Sentence prayers were offered for this work. Mrs. Sweatt told the ladies about their work among the miners of Thurber, Texas.

After a prayer by Mrs. Landrum the ladies went into a business session which heartily endorsed the movement for religious week day lessons for the school children, which is being brought before the several churches. New officers were elected for the coming year as follows:

President, Mrs. A. H. Berry. Vice President, Mrs. J. Sweatt, Recording Secretary, Mrs. Cecil White, Corresponding Secretary, Mrs. E. L. Smith, Local Treasurer, Mrs. Roy Bass, Connectional Treasurer, Mrs. Horace Stevens, Publicity Superintendent, Miss Phrona Ward Supt. of Supplies, Mrs. Owen Watkins, Social Service, Mrs. Geo. Peyton, Young people, Mrs. W. Stone, Supt. Study, Mrs. W. B. Landrum, Local Supt. Mrs. Gene Sinclair.

"For Mexia. I WILL"

THE NEWS' PROGRAM FOR 1924-25

(1) A government by law. (2) A bigger tin bucket brigade. (3) Conservation of gas and other natural resources, with a view of offering industries cheaper fuel rates. (4) Storage for an adequate reserve water supply in Mexia. (5) Adequate fire equipment to meet growing needs in a growing city. (6) More paved roads leading into Mexia and all down town streets repaired. (7) Lime mines developed at Tehuacana. (8) A downtown market for farmers. (9) Diversified farming. (10) A Limestone County Fair at Mexia. (11) A county farm agent and demonstrator. (12) Clubs for boys and girls of the county to encourage them in farm industries. (13) More goods roads and systematic maintenance. (14) 10,000 trees for Mexia. (15) A complete parking system in Mexia. (16) A great downtown auditorium. (17) Beautification of Hughes Park. (18) Protection of life on streets and roads, through the rigid enforcement of all ordinances and laws regulating traffic. (19) a growing "trade-at-Mexia" spirit and pride in its institutions. (20) A thoroughly united citizenship, free from jealousy, envy, strife and other dwarfing discordant influences that tear down and blight many a city in the making.

EVER MOUNTING TAXES

Ten billion dollars was the cost of conducting the federal, state and municipal government of the United States last year, according to figures collected by the National Industrial Conference Board. In the face of such a sum the people, who must supply all this money, may well ask when a limit will be reached for the cost of government is in an ascending scale each year.

The \$10,000,000,000 was divided as follows: Federal \$2,459,000,000; State, \$1,450,000,000, and Local, \$5,136,000,000. The significance of the figures is to be found in the two latter expenditures. In 1915 the forty-eight states spent on their governments \$379,000,000. A jump to \$1,450,000,000 in 1923 is no unimportant addition to the cost of living to the taxpayers throughout the country. But municipal spending is what is making the shoe pinch people. For instance, in 1915, the expenses of 146 of the leading cities were \$996,061,502, as against \$1,984,422,234 in 1922. These figures are supplied by the United States department of commerce.

Just how many cities are included is not indicated in the report of the National Industrial Conference Board, to bring the total costs of local government up to \$5,136,000,000 in 1923, but it is obvious that municipal expenditures are rising rapidly. A growing city will have growing expenses; that is to be expected, but if the cost of municipal government is to double every ten years, the people of the cities of the United States may well despair, or speak in such a voice that their public servants will understand not only that spending must be kept to the lowest possible point commensurate with good service, but that for every dollar put out there must be had a dollar's worth of work.

OUR DISAPPEARING FORESTS

A recent announcement by the Pennsylvania Railroad Company that it must seek a foreign supply of cross-ties to support its many miles of steel rails is but another indication of the passing of the great American forests. This one railway requires 6,000,000 ties annually for its roadbeds. White oak, from which the best ties are cut, is becoming scarcer every year, and other woods are not suitable.

So the Pennsylvania railroad will seek a new supply of cross-ties, either in Central or South America, and this brings us once again to a realization that our own forests, once the greatest in the world, are fast disappearing under the ever-increasing demand of our growing industries. During the war this situation was brought to our attention more than once, when certain woods were needed for carrying out our ship-building and airplane construction programs.

The Pennsylvania is only one of the great railroad systems which bring our states into one great union. There are approximately 256,000 miles of railroad in the United States. In every one of these miles about 3,500 cross-ties are needed.

The vast forests of North America are gradually being used up and efforts so far made to replant them have been on too small a scale to be worth-while except as an indication of what can be done through a national reforestation program carried into effect on a huge scale by the federal land state governments.

WOMAN'S MISSIONARY SOCIETY TO SEND BOX TO NEEDY

The Woman's Missionary Society of the Methodist Church will send a box of clothing to their mission among the miners in Thurber, Texas.

All who have clothing, hats and shoes which are in wearable condition please send them to Mrs. Ben Smith, Mrs. Ben Howard or Mrs. Robert Lewis.

Permanent Waving Intricate Process, Says Specialist

SHINGLED

LATEST MODE

FULL HEAD OF HAIR TO GIVE SHINGLE EFFECT WITHOUT CUTTING

NEW YORK.—The permanent hair wave has become a tidal wave of fashion that has swept the feminine world.

Eugene, head of Eugene Ltd., of Paris, London and New York, manufacturers of permanent waving machines, is a Parisian and one of the famous hair-dressers of the world. He has made the permanent wave, not only an art, but a science.

"Scientifically produced, the permanent wave is a delicate and intricate process," said Eugene. "It is permanent. But hair grows a half inch a month. So waving the new hair is necessarily a continuous performance."

Methods differ. There are three steps—wrapping the hair on curlers, application of the steaming material and the heating unit. Most methods apply uniform heat to the hair—the same heat at the ends as at the roots. This makes the ends dry and brittle because hair at the ends is less heat-resistant than at the roots. I have invented a machine with a two-sectional heater which applies a greater degree of heat at the roots

and a lesser degree at the ends. This prevents injury to the hair which remains in its natural condition and insures a tight wave. "I am an apostle of what is technically known as the flat wave. Most machines use the twist wave

which results in a kinky wave. The flat wave is more difficult but by use of an automatic curler, we are able to make a flat and tight wave. The flat method of waving the hair gives a wide, beautiful wave."

The permanent wave was invented in 1905. I know of no invention that has been such a beauty aid to women. It is a great transformer. It makes unbecomely women attractive and beautiful women more beautiful."

AUTUMN
(Ben B. Hunt)

A searching wind is sweeping now
The heart within my breast,
And urging me to dis-avow
The things that are not best.—
I want to strip my secret soul
Of dress and greed and hate,
And let it be an open scroll
Upon a golden gate!

The rushing spirit that descends
To men on praying knees
Is like the autumn's chilling winds
That strip the stately trees.
It seems at first a chilling blight
That leaves us cold and bare,
And then uplifts us to the light
In warm, redeeming prayer!

There's something strange about the way
My heart is searching me,—
It seems to lift the mist away
And every weakness see!
It seems the heart is searching now
All things within my breast
And urging me to dis-avow
The things that are at best.

O, help us Lord to cast away
Upon the autumn air
The faded leaves of yesterday,
Of failure or despair;
O, help us strip our secret soul
Of worthless things and drear
That we may sound their final toll
And not regret the loss!

NURSERY WILL OPEN
IN BASEMENT OF METHODIST
DIST CHURCH SUNDAY

The First Methodist Church will open their new nursery next Sunday in the basement of the church. All mothers who have small children are cordially invited to come to church next Sunday and bring them, they will be well cared for.

HAVE KIDNEYS EXAMINED BY YOUR DOCTOR

Flesh your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaker; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, distaste, your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids, to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with bicarbonate and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys at least twice a year.

Pimples

You will be startled how quickly and thoroughly you can stop skin eruptions and beautify your complexion with S. S. S.

PIMPLES are the first thing one notices in another person's face. It is too often cruel in its misjudgment. It judges from what it sees on the outside. Pimples are easy to get rid of. More red-cells! That is what you need when you see pimples staring at you in the mirror. Red-cells mean clear, pure, rich blood. They mean clear, ruddy, lovable complexions. They mean nerve power, because all your nerves are fed by your blood. They mean freedom forever from pimples, from blackhead pest, from boils, from eczema and skin eruptions; from that tired, exhausted, run-down feeling. Red-blood-cells are the most important thing in the world to each of us. S. S. S. will aid Nature in building them for you! S. S. S. has been known since 1885 as one of the greatest blood-builders. Blood-cleaners and system strengtheners ever produced. Start taking S. S. S. today. Its medicinal ingredients are purely vegetable.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

S. S. S. The World's Best Blood Medicine

Worst Coughs Yield Quickly to Good Old Pine Tar and Honey

One of the best cough medicines that was ever compounded, according to specialists, is good old pine tar and honey. It often stops a bad cough in 24 hours, and another advantage is that it can be given to young and old alike, as it contains no narcotics or opiates. Doctors say the pine tar quickly loosens and removes the phlegm and congestion which are the direct causes of the coughing, also soothes the throat while the honey both soothes irritation and gives a pleasant taste.

The kind that has been used in thousands of families for many years for coughs, chest colds, hoarseness, spasmodic croup, etc., is Dr. Bell's Pine-Tar-Honey, which was the original compound. It has had many imitations, but still remains the best, as it is scientifically compounded of just the right proportions of pine tar, honey and other healing ingredients which the best doctors have found to aid in giving quick relief. If you want the best, get the original Dr. Bell's Pine-Tar-Honey and no other. Only 50c. at any good druggist.

DR. BELL'S PINE-TAR-HONEY FOR COUGHS

Only Two Such In Whole Country
(By United Press)

BRYAN, Nov. 5.—It's a far call from Bryan, Texas, to the interior of Minnesota but that far cry found something Texas didn't have—a girl with locks unshorn.

The local lodge of the Knights of Pythias broadcast an appeal thru-out the state for a girl with long tresses to take part in the dramatization of the degree "Lessons in Friendship," to be staged at a local theatre Armistice day. There were no responses from Texas.

Then from Henning, Minn., came the offer of a lady that she had "two fair, long-haired candidates possessing women's crowning glory" that would be sure to please.

From last reports the lodge practically decided to accept the offer.

A Good Thing - DON'T MISS IT

Send your name and address plainly written, together with 5 cents (and this slip) to Chamberlain Medicine Co., Des Moines, Iowa, and receive in return a trial package containing CHAMBERLAIN'S COUGH REMEDY for coughs, colds, croup, bronchitis, "flu" and whooping coughs, and tickling throat; CHAMBERLAIN'S TABLETS for stomach troubles, indigestion, gassy pains that crowd the heart, biliousness and constipation; CHAMBERLAIN'S SALVE, needed in every family for burns, scalds, wounds, piles and skin affections; these valued family medicines for only 5 cents. Don't miss it.

The Mexia Rotary club will hold its luncheon Thursday at the noon hour in the basement of the First Methodist church. All members are urged to be present. Visitors welcome.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with twofold action; it soothes and heals the inflamed membranes and kills the germ.

Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter how long standing, is not relieved after taking according to directions. Ask your druggist. Creomulsion Co., Atlanta, Ga. (Adv.)

HUMBLE GASOLINE

Human Birds Come South For Winter

(By United Press)

DALLAS, Texas, Nov. 5.—With the fading of an ideal Indian Summer in the northern states, great numbers of birdmen are winging southward to warmer haunts for the winter months. Many planes have landed at Love Field to take on fuel and returned their journey to sunny climes.

These itinerant aviators are, for the most part, air performers who have through the summer months conducted air carnivals and flying circuses in northern cities, but are finding the weather too cold for ideal flying conditions. Arrangements have been made to care for a large plane migration this year at Love Field, according to officials there.

Officials at the flying field said the disposition of the same variety of aircraft that was once prevalent in the flocks who used to rob the brake rods on freight trains when the season called for a change in location.

Not Even The Law Can Scare Him Off

(By United Press)

SAN ANTONIO, Nov. 5.—Chief Deputy Sheriff A. Newton, Jr., reversed the role of Dan Cupid here recently when he was called upon by a frantic mother and a tearful daughter to shoot away an ardent suitor who insisted on marrying the girl without the mother's stamp of approval.

The license had been purchased and even the trousseau had been sent to the house of the unwilling young bride. The modern Lothario, with the word that he would be around later with a minister to tie the knot.

After a few moments "interference" by the authorities, the "red neck" departed peacefully dejected, he would marry the girl in the end despite family interference.

Cunningham's Hat and Tailor Shop. Phone 602.

Try it Home. For Mexia I Will.

Required Seven Years to Count Fortune.

DUKE OF NORFOLK

Although only seventeen years old, the Duke of Norfolk has inherited \$35,000,000 from the estate of his father, the hereditary Earl Marshal of England and Chief Butler of the Empire. His father died in London seven years ago, but it has required that space of time to determine the extent of his wealth.

ARGENTINE AVIATOR PLANNING FOR WINTER

TOKIO, Nov. 5.—The Argentine aviator Zanni outlined three possible plans for his flight activities. First, staying here until spring and then continuing the round the world flight; second, proceeding by boat to Holland and flying from there to Buenos Aires; third, going to New York and flying from there to Buenos Aires.

Fenders and auto bodies rolled promptly and efficiently. No need to send your work out of town. Pat F. Hopkins Wheel & Body Works, Phone 725.

SPORTLIGHTS

In the contests on the gridiron with neighbor towns, the students are urged to be careful and root "clean" just as they expect their teams to "fight" clean. The Mexia school students and fans of the Mexia High School Black Cats are "root" for their genteel way of cheering. They are to be congratulated.

Sometimes things can be said at a baseball team by fans which engender animosity between the towns of many months duration.

The Black Cats are due to win over Groesbeck Friday, but sometimes old man overconfidence wrecks the playhouses of mice and men. Think about that triumph of Rice over Texas Saturday, just for one example.

Now's a good time for track aspirants at the high school and at the Grammar Schools to be getting into shape to win the county and district meet on the field this coming Spring. All the season through, "Fight, Fight, Fight." Let Mexia

sweep the deck in everything this year. There's none better than the Mexia boys and girls.

It was a heart breaking affair over at Meridian last week-end when the strong Westminster football squad was defeated by Meridian College, 29 to 0.

That was a big score against Westminster but things like that often happen in football. A hard game may be fought. Teams may be pretty evenly divided as to strength and yet one of them will get all the breaks and all official decisions and win.

That was the case last week, when Meridian won. Westminster has a team just as strong as Meridian, five times in the first three quarters, Westminster carried the ball to the ten yard line, with goal to gain and everytime, the officials placed a penalty of from five to fifteen yards on them. The officials may have been right, but that sounds strange, at least.

Westminster goes to Dallas next Monday to play the Southern Methodist University Ponies. The boys have got the spirit to win. They have the training to win. They have football knowledge and

power enough to win. They should win.

"Dub" Kendrick is going to make Rice "Varsity" on the gridiron in 1925. That Mexia High School product is going good, with a strong bunch on the Freshman squad at Houston.

When Mexia graduates go elsewhere to college and university they should bear in mind that the honor of Old Mexia is at stake and try to run up a score and a record in all their undertakings.

PEOPLE WHO WERE ONCE GOOD LOOKING

A heartrending and yet interesting thing happened in a down town store when a middle-aged lady got into a loud argument with a clerk. "I know what I want," she kept saying. "I have tried all those other things, but I know from what I saw it do for some friends of mine that it is Black and White Ointment which gets rid of these pimples and blotches. I was just as pretty as any girl when I was young, but I got careless and now I am in the fix you see."

So many people are now insisting on Black and White Ointment, and Black and White Soap, to get rid of pimples, blotches, eczema, rash, tetor, ringworm, "breaking out," etc., because they see and hear of the thousands of others who now know they can depend upon it. And they are more economical, too. The 50c size Ointment contains three times as much as the liberal 25c size. All dealers have both the Ointment and Soap.—(Adv.)

DROPSY TREATED ONE WEEK FREE

Short breathing relieved in a few hours; swelling reduced in a few days; regulates the liver, kidneys, stomach and heart; purifies the blood, strengthens the entire system. Counting the Cost

of new shoes for the children makes you stagger, does it not? Take our advice and save many dollars—have those well-worn shoes repaired here and add weeks, perhaps months, of wear to them. Good shoe repairing these days is a real economy you should not fail to take advantage of.

D. Prickett Shoe Shop
The Postoffice is opposite us.

"Good to the Last Drop"

WHEN crisp autumn days stir the gypsy in your blood and every broad highway calls and every winding lane whispers "Follow me"—then the brimming cup of Maxwell House Coffee seems more than ever "Good to the Last Drop."

At your table or on the road—in cups of Dresden or tin, the flavor and goodness of Maxwell House Coffee is unvarying.

MAXWELL HOUSE Coffee

RADIOTRICIANS

Our success in the Radio Repair field is the result of employing men who have by study and actual experience earned the title of "Radio-tricians." Our repair service extends from the most primitive crystal set to the present day Hetrodynes, Neutrodynes, Reflexes or their modifications, through their design, construction and operation and in every case the service performed is actuated by a sincere desire to give our customers the best in Radio for the money expended.

STUARTS

JOHN L. WORTHAM CITIZEN AND MAN GONE HENCE

Colonel John L. Wortham, former railroad commissioner, former penitentiary commissioner and one of the best-known men in Texas, was seriously ill in his apartments in the Rice Hotel Tuesday night. He was suddenly stricken Monday afternoon with what developed into pneumonia within a few hours and attending physicians regard his condition as serious.

Colonel Wortham has been living in Houston for a number of years, since his retirement from public life, and has been engaged in the insurance business. He has a host of friends all over the state, and especially among the older men who have been in public life—Houston Chronicle.

A message was received from Houston early Wednesday morning stating that Col. Wortham died at 4 a. m., and that the funeral will occur Thursday afternoon in Houston.

The name of John Wortham was at one time and for many years a household word in this section. He was born and reared in Freestone county near the present town of Kirven, and was for several years a prominent business man of Mexico, being a member of the firm of Bonner & Wortham, hardware dealers.

Governor Lanham appointed him as financial agent of penitentiaries, which position he filled creditably. He afterwards served as secretary of state and railroad commissioner, and in every position he was faithful to the interests of the people.

Always active in politics, he was one of the best-known public men in Texas, and thousands will mourn his demise.

Jasper Hi Team Is Coming Winner

By ROY B. HENDERSON.

AUSTIN, Texas, Nov. 5.—The Jasper High School, in Jasper county, has the distinction of being the first school in the University of Texas Interscholastic League football race to win a sectional championship. By defeating Center fifty to six last week Jasper won the undisputed leadership of its section. The championship in Section 7 would have been determined at the same time if the game between Stockton and Odessa had not ended in a tie.

At the present time twenty-seven Conference A teams and 58 Conference B teams remain as contenders in the race. Games have been suspended yet so that all Conference B Championships will be known by November 8, and all Conference A championships will be decided by November 15.

The following are the games in which contenders participate this week end:

Conference A—Section 1: Am-

Co-Operative Expert May Enter Cabinet.

SAMUEL ADAMS

Samuel Adams, of Chicago, prominent editor, is prominently mentioned as President Coolidge's choice for the post of Secretary of Agriculture to succeed the late Henry C. Wallace. Mr. Adams is a fruit grower and is president of the Pomological Society led in the organization of America's largest agricultural co-operative association, which handles 50,000 carloads of fruit and vegetables each year.

At Lubbock, Elberta at Vernon.

Section 2: Breckenridge at Comanche, Eastland at Cisco.

Section 3: Garrettsville at Cleburne.

Section 4: Waxahachie at Waco, McGregor at Hillsboro.

Section 5: Oak Cliff vs. Bryan High, Greenville at McKinney, Paris at Denton.

Section 6: Tyler at Marshall, Crockett at Athens, Mineola at Texarkana.

Section 7: Beaumont at Houston Heights, Port Arthur at Houston Central.

Section 8: Main Avenue at Austin.

Conference B—Section 1: Pampa vs. Miami, Memphis vs. Clarendon.

Section 2: Slaton at Lamesa, Fort Worth vs. Dumas.

Section 3: Stamford vs. Merkel, Stephenville vs. Hamilton.

Section 4: Seymour vs. Quanah, Graham vs. Vicksburg Falls Junior.

MUST OBEY THE RULES OR GET RULED OUT

AUSTIN, Texas, Nov. 5.—At a meeting of the State Executive committee of the University of Texas Interscholastic League, held October 29, it appearing by admission of the public school authorities of Milford that Cagle, a seventh grade boy in the Milford schools, was allowed to participate as a player on the Milford and Itasca high school football teams on October 24, last, and in view of Section 7, Article VIII of the Constitution and Rules of the League which declares a student in the seventh grade ineligible to represent a high school, the committee forfeited the game to Itasca. The minimum penalty in this case was inflicted for the reason that the Milford public school authorities were,

RED PEPPER HEAT STOPS BACKACHE

The heat of red peppers takes the "ouch" from a sore, lame back. It can not hurt you, and it certainly ends the torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub, and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers.

Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

COOLIDGE HEARS UNITED PRESS ELECTION REPORTS

(By United Press)

WASHINGTON, Nov. 5.—President Coolidge arose with the sun today to take a brisk walk in the misty morning air.

If he felt elated at the tremendous victory he won in yesterday's election he gave no sign of it to the two secret service men who walked with him along the deserted streets.

The President retired at 12:45 this morning after spending the entire evening with Mrs. Coolidge and his closest friends—Mr. and Mrs. Frank Stearns, of Boston, before a booming loudspeaker in his White House study, listening to the United Press returns from station WEAH, in New York.

Throughout the evening he sat with folded hands before the big horn betraying not the slightest sign of emotion as his vote rolled higher and higher, carrying all before it, even to unanticipated Senate and House victories.

Frank Stearns and C. Bascom Sloop, the President's secretary, were the dynamo of enthusiasm at the executive mansion. Stearns could hardly contain himself for his joy. "I am the happiest man alive," he exclaimed to newspaper men when the President's victory seemed finally assured.

Secretary Sloop, jubilant over Massachusetts returns showing an apparent victory of Speaker Gillett in the senatorial race, called the President at 1:30 to give him the "latest news" and asked Mr. Coolidge if he had anything to say to the waiting corps of newspaper men who bivouaced at the executive offices throughout the night.

"Tell them I am working on my Thanksgiving proclamation," replied the President.

He then dictated a telegram before finally retiring, to Chairman Butler, praising his conduct of the campaign, as follows:

"I want to thank you for your conduct of the greatest campaign I have ever known. Your management has been superb."

AMERICAN EDUCATION WEEK NOVEMBER 17-23 WILL BE OBSERVED THROUGHOUT U. S.

By designation of the President of the United States the week beginning November 17 will be celebrated as Education Week, for the purpose of bringing educational problems to the attention of the people. Churches, lodges and civic associations are asked to cooperate with the National Education Association, the American Legion and the United States Bureau of Education in making this observance a nation-wide success.

The following program is suggested:

Constitution Day.—Monday, November 17, is designated as Constitution Day, the central idea being: "The Constitution—The Bulwark of Democracy and Happiness."

Patriotism Day.—Tuesday, November 18, "The United States Flag is the living symbol of the ideas and institutions of our Republic."

School and Teacher Day.—Wednesday, November 19, "The Teacher—the guiding influence of future America."

Illiteracy Day.—Thursday, November 20, "Informed intelligence is the foundation of representative government."

Physical Education Day.—Friday, November 21, "Playgrounds and athletic fields mean a strong, healthy nation."

Community Day.—Saturday, November 22, "Service to the Community, State, and Nation is the duty of every citizen."

For God and Country Day. Sunday, November 23, "Religion, morality, and education are necessity for good government."

The tentative program and other material prepared for convenient use during Education Week will be mailed free on request to Bureau of Education, Department of Interior, Washington, D. C.

Saturday, November 22, has been designated as Community Day in the American Education Week program for 1924. It is hoped that there will be a community meeting that day or evening in every school house in America. The subjects suggested for discussion are of particular value to rural communities, the central idea being "Service to Community, State, and Nation is the duty of every citizen." Here is a suggested program:

1. Equality of opportunity in education for every American boy and girl.

2. Better rural schools.

3. Adequate public library service for every community.

4. A community's concern for education measures its interest in its own future.

5. Good roads build a community.

Slogans. — Get acquainted with your neighbor; A square deal for the country boy and girl; Children today—Citizens tomorrow.

Teachers, ministers and community leaders will add to or subtract from the above program or modify in such a way as to meet local conditions.

CITATION BY PUBLICATION.

The State of Texas,
To the Sheriff or any Constable of Limestone County—Greeting:

You are hereby commanded to summon J. E. Winans, A. C. Norman, and Buckner & Wright by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Limestone County, to be held at the Court House thereof, in Groesbeck, Texas, on the 1st Monday in December A. D. 1924, the same being the 1st day of December A. D. 1924, then and there to answer a petition filed in said Court on the 9th day of October A. D. 1924, in a suit, numbered on the docket of said Court as No. 5-05-A wherein Phil Karner is Plaintiff and J. E. Winans, A. C. Norman, and Buckner & Wright are Defendants, and said petition alleging defendants delivered to the

plaintiffs three vendor's lien notes, each for the sum of \$4,243.33, due on or before March 7, 1922, on or before July 7, 1922, on or before November 7, 1922, respectively, payable to plaintiff, bearing interest at eight per cent. Said notes were given as part of purchase money for the following described land, All that certain tract or parcel of land, a part of the P. Varela XI League Survey in Limestone County, Texas, and being the Eastern portion of a seventy-seven (77) acre tract sold by Jack Womack to Phil Karner on March 16, 1920. Beginning at the N. E. corner of the said 77 acre tract, a stake at an old fence corner on the S. line of Tyler St.; Thence S. 84 deg. 8' W. 273 feet and S. 84 deg. 35' W. 125 feet to the N. W. corner of this tract, a stake in the S. line of Tyler St; Thence following the old fence of the said tract N. 65 deg. E. 1203 feet to its S. E. corner a stake at the fence corner, N. 36 deg. 29' W. 456 feet a stake at fence corner, N. 51 deg. 28' 323 B. 35 deg. 31' W. 716 ft. a

JIM SAYS THAT HE WILL BE HIGH TONED FLUNKY

(By United Press)

TEMPLE, Texas, Nov. 5.—"A high toned flunky—that's what I'm going to be," former Governor James E. Ferguson declared early today as Mrs. Miriam A. Ferguson gathered in the votes that will make her the next governor of Texas.

The Fergusons tabulated votes themselves until victory seemed assured, interrupting their figuring to accept congratulations of friends pouring in through the newspaper office where they sat. "Ma" Ferguson was elated, squirming in her chair as the totals mounted close to the hundred thousand mark. "Pa" Ferguson was quiet, but there was a gleam of triumph in his eyes.

"Bet your life I'm going to have an inaugural ball," the governor-elect declared.

"I've got a cold but I guess Butte has worse than that" she jest-ed. "He's probably having a chill about now."

Mrs. Ferguson has never seen either Dr. George C. Butte, Republican candidate, or Judge Felix D. Robertson, her Democratic opponent in the primaries, both of whom fell before the Ferguson political lance. Mrs. Ferguson takes office as governor of Texas on January 20, 1925, a few months less than eight years after her husband resigned the office in the face of impeachment.

stake at fence corner, S. 54 deg. W. 23' W. 320.2 feet a stake at fence corner, N. 35 deg. 05' W. 362.0 feet a stake at fence corner, and N. 3 deg. 35' W. 342 feet to the place of beginning, containing 38.19 acres of land.

Said property was conveyed by plaintiff to defendants, November 7, 1921. That each of said notes is due and unpaid, though often requested defendants refuse to pay any part of said notes, to plaintiff's damage in the sum of \$12,720.00. Said notes have given to Keys & Mason, Attorneys, for collection. Plaintiff to pay Attorneys ten per cent for collection fee.

Plaintiff says defendants divided said property into what is known as Winans Addition to the City of Mexia, and plaintiff released Lot 4 in Block 16 of said addition, but asserts that lien is valid against hereinabove described property, with exception of Lot No. 4, in Block 16.

Plaintiff further says defendants are attempting to assert a Materialman's Lien on Lots 18 and 19, in Block 4 of said Winans Addition. Said lien constitutes a cloud upon title and should be held for naught.

Wherefore plaintiff prays for judgment for his debt, interest, attorney's fees, and costs of suit, and for foreclosure of his lien on above described land and premises, and that same be sold according to law; that officer executing said sale place purchaser of said property in possession thereof within thirty days after day of sale. And that the lien of the defendants Buckner & Wright, be decreed of no force against this property; and for such other and further relief, general and special, in law and in equity, that he may be justly entitled to.

Herein Filed Not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under My Hand and the Seal of said Court, at office in Groesbeck, Texas, this the 4th day of November A. D. 1924.

JOHNSON WAKEFIELD Clerk, District Court, Limestone County.

By CLARA HEATLY Deputy.

LIMESTONE COUNTY GIVES "MA" LEAD OF OVER 1700 VOTES OFFICIAL CANVASS MAY BE SOUGHT IN TEXAS COOLIDGE SWEEPS THE COUNTRY IN TUESDAY'S ELECTIONS

OFFICIAL REPORT GIVES FERGUSON LEAD OF 134 IN MEXIA

Limestone county went for "Ma" Ferguson in Tuesday's elections stronger than in the last primary when her opponent for the office of Governor of Texas was Judge Felix D. Robertson. At 2:30 Wednesday, with several boxes out, the reports indicated that her lead over Dr. George C. Butte, G. O. P. nominee, would be more than 1500 votes. At that hour "Ma" had been credited with receiving 2,467 votes and Butte 689, giving her a lead of 1778.

The boxes that were out were Mexia, Fallon, Tehuacana, Hancock, Coolidge, Willow Springs and Elm Ridge.

The reports in showed that Butte carried Watt, Prairie Hill, Delia, Billington and had tied at Mustang. The other boxes were carried by "Ma." Of the boxes out, all are expected to give "Ma" a large vote, with the exception of Coolidge.

At Mexia, according to the final returns submitted at noon, the total vote cast was 1254. Of these 14 were declared to have been mutilated and 591 votes were for "Ma" and 457 for Butte, giving "Ma" a lead here of 134 votes. According to this only 1018 votes were counted in the Governor's totals, this left 206 votes unaccounted, with the exception of the 14 mutilated ballots, which left 192.

Mr. Fred Bennett, supervisor of the polls here, stated that these 192 were not counted, on account of the voters in such instances having failed to comply with his construction of the Terrell election law. In this number it is understood that many were not counted where the voters had scratched the name of Mrs. Ferguson and under her name in the Democratic column had written the name of Dr. Butte. Mr. Bennett said that in some instances these casting Republican tickets had scratched Butte and written the name of Mrs. Miriam Ferguson and in all these instances also he had instructed that they not be counted. He also is credited with having stated that had all the ballots been counted in which Dr. Butte's name had been written that he would have carried the Mexia box by a small majority.

Mr. Bennett states that he used his best judgment and believed he was doing the right and legal thing, saying that the Terrell Election law had been followed in the matter. He held that it was a clear violation of the Terrell election law to write in any name under the column where a printed name had been inserted and that the only way to write the name in would be to write the name in under the column provided for such a purpose of the ballot.

The Limestone County Vote, incomplete, is as follows:

	Ma Butte
Kirk	51 38
Thornton	438 46
Mr. Antioch	58 27
Groesbeck	584 121
Datura	30 11

"MA" LEADS IN BELL COUNTY, BUT LOSES HER OWN PRECINCT AND POSSIBLY CITY OF TEMPLE; HER SUPPORTERS CELEBRATE!

TEMPLE, Texas, Nov. 5.—With forty out of fifty-six Bell County precincts reporting before midnight, Mrs. Miriam A. Ferguson has carried twenty-nine, with a total vote of 3,988 and Dr. George C. Butte eleven, with a total of 2,622.

Indications point to the loss of Temple by the Ferguson forces to Butte by an estimated majority of 500, while returns indicate that Butte will carry Belton by at least 250 majority.

Mrs. Ferguson lost her own precinct to Butte by about fifteen majority.

Three boxes in East Bell County, Ocker, Ratibor and Cycione gave Mrs. Ferguson 763 and Butte 9. These communities are peopled by German and Bohemian farmers.

A demonstration was staged at midnight by Ferguson supporters in celebration of victory at which the firing of anvils, tooting of horns, impromptu speeches and an automobile parade were features.

FINAL FLASH

DEMOCRATS LOSE TWO SEATS IN THE SENATE TUESDAY

(By United Press)
NEW YORK, Nov. 5.—A Coolidge wave promised to roll into office today an out and out administration Republican majority of both Houses of Congress—a thing unexpected even by the most optimistic Republicans.

In the Senate two Democrats seats were apparently lost and three more rocked near destruction. If the candidates leading at 8 a. m. by slender majorities prevail the Republicans will be able to control the LaFollette balance of power in both Houses at the next session with several votes to spare.

At 6 a. m. the Democrats had won ten Senate seats that they formerly held in southern states. Also they had apparently lost two that they formerly held in Kentucky and Oklahoma — nominally Democratic states. But there W. B. Pine and Fred M. Sackett, Republicans were apparently so far ahead of their opponents that they might be considered safely in.

On the other hand the Republicans had won 14 seats they formerly had and the two more the Democrats gave them.

Latest returns from Massachusetts showed that Speaker Frederick H. Gillett was forging ahead of Senator David I. Walsh, Democrat, who was trailing by some 5,000 votes.

In Montana Senator Thomas J. Walsh, Democrat, was see-sawing with his Republican opponent so consistently that it was impossible to forecast the outcome. There again the odds favored Mr. Coolidge.

Only in New Mexico were the chances against him. There Senator H. O. Bursum, Republican incumbent, was trailing slightly behind his Democratic opponent.

To pile upon the gains made in the Connecticut, New York, and Pennsylvania house delegations by the Republicans, Ohio early this morning reported a Republican gain of one seat over the Democratic delegation from that state.

Reports from mid-western states indicated the complexion of state delegations there would remain about the same.

NEW YORK, Nov. 5.—The following Senators were elected:
Alabama—Thomas J. Heflin, Democrat.
Arkansas—Joseph L. Robinson, Democrat.
Colorado (incomplete).
Delaware—T. Coleman DuPont, Republican.

30 STATES ARE REPORTED IN REPUBLICAN COLUMN

(By United Press)

NEW YORK, Nov. 5.—President Coolidge has swept the country for re-election and according to United Press returns at an early hour today has taken with him to Washington a clear working majority in both House and Senate.

The scope of his victory is told in the definite indication that at least 30 states with a total electoral vote of 354, swung into the Coolidge column, while John W. Davis appeared to have captured but 13 Southern states, including Tennessee, for a total of 136.

Senator LaFollette had such a lead in Wisconsin on the basis of convincing returns early today that his home state's 13 electoral votes seemed to be safely his. There remained in doubt Missouri, Montana, Nevada, New Mexico—a total of 28 electoral votes, all of which appeared likely to go into the Coolidge column.

Great as were Coolidge's pluralities, however, he was unable to prevent the victory of two popular Democratic state executives—Governor Al Smith of New York and Governor Vic Donahey of Ohio. Coolidge failed to measure up to Warren G. Harding's landslide in New York four years ago but it was an overwhelming victory nevertheless in the empire state and that Smith should be returned by nearly 200,000 majority despite it, testified to the latter's tremendous popularity.

Donahey's reelection despite the Coolidge sweep in Ohio was less imposing but equally striking.

On the face of the tabulations early today, there were two flops in normally Democratic states that demonstrated the fickleness of politics. Four years ago Tennessee shattered the faith of her party when she dropped her 12 electoral votes into the arms of Harding. The same year Kentucky, after a brief experiment with Republicanism, returned to the Democratic fold and voted for Cox. Yesterday, however,

LAST FLASH

(By United Press)
NEW YORK, Nov. 5.—Coolidge 379, Davis 139, La Follette 13. With the exception of the possible switch of three votes in New Mexico from Davis to Coolidge this will be the candidates' standing in the electoral college when all returns are in. In New Mexico, where the count is unusually slow, the democrats waged a strong fight against "Fall rule." Of the other doubtful states Missouri turned definitely into the Coolidge column, and Montana, where La Follette was threatening, showed a marked trend toward republicans in the morning tabulation. The House is assuredly republican, gaining three from West Virginia, Davis' home state. The Senate, however, is still doubtful.

Walton Overwhelmed At Oklahoma Polls

OKLAHOMA CITY, Nov. 5.—Six out of eight congressional districts in the state went democratic, with the state for Davis by a two thirds vote, is indicated. Davis had a lead of 20,000 this morning.

Former Governor Jack Walton, democratic senatorial candidate, was overwhelmingly defeated by W. B. Pine, republican.

WALSH RE-ELECTED

HELENA, Mont., Nov. 5.—Early morning returns showed Senator Thomas Walsh slowly forging ahead for re-election, although not out of danger.

DAVIS LOSES STATE OF HIS BIRTH IN HIS RACE TO WASHINGTON

(By United Press)

CHARLESTON, W. Va., West Virginia, the home state of Davis, looked republican this morning after returns of practically half the state gave Coolidge a lead of 24,000 this morning.

MEXIA GETS NEWS OF ELECTION ON ELECTION NIGHT

Thousands of citizens of this place and many from distant neighboring points and communities gathered in front of the Anderson-Horn Drug Store Tuesday night and receive the first official election returns, as furnished by the Texas Election Bureau through arrangements with The Mexia Daily News and Val Horn of the Anderson-Horn Drug Store.

As in previous primary elections this year, the block on Commerce was blocked off with ropes, to permit the big crowd to stand before the screen and see the returns as flashed from all parts of Texas. Mexia was never furnished with better reports or more comprehensive, the same service being supplied here as was available in all the larger cities of Texas.

The crowd was as demonstrative as in previous elections, the Ma Ferguson supporters being overjoyed as the returns constantly piled up a growing lead for her. As the hours toward midnight approached and her lead was being cut down, Butte supporters began to make their presence obvious.

By 9:30, the crowd seemed to be assured that Ma's election was certain and many then left, but hundreds waited until "Goodnight" was flashed at about 11:30. The returns then given were the same as those reaching Mexia on late morning papers on the 10:20 train. The News thus living up to its claim of being 14 hours ahead of any daily newspaper circulating in Mexia with important news.

The Election Bureau closed finally at midnight.

The next official count will be disclosed when the next State legislature convenes in Austin in January 1924.

Many remained at the screen especially anxious to get the final on Mexia. The box count here was not concluded until far after midnight, although three sets of counters were kept busy, according to Supervisor Fred Bennett.

The returns given were from city, county, state and nation, the public being apprised of the sweeping victory of Coolidge before they retired.

In presenting this information, the assistance of many citizens here, the Western Union Telegraph office and the Southwestern Telephone Company was given, all of which is duly appreciated.

MORE CONCERNS HELP MERCHANDISE SHOWER

In previous announcements of the donors to the Merchandise Shower, some few names were omitted and we want to publicly acknowledge these gifts: Arnett Auto Accessories Company, 4 inner tubes; Spikes Lumber Company, 4 gallons of paint; Mexia Compress Company, cash, \$15.

LANGLEY VINDICATED BY HIS CONSTITUENTS

(By United Press)
PINEVILLE, Ky., Nov. 5.—Congressman John Langley has apparently been vindicated by his constituents despite his recent conviction of liquor fraud conspiracy in federal courts. Late returns showed for his re-election.

BUTTE DECLARES PROBE INTO ALLEGED IRREGULAR METHODS WILL BE MADE

AUSTIN, Texas, Nov. 5.—Charges that numerous ballots were thrown out at the polls, where his name was written in after Mrs. Ferguson's name had been scratched, were made here by Dr. George Butte, republican candidate for governor, in refusing to concede victory to the woman candidate. He declared that an investigation of alleged irregularities will be demanded. The attorney general of Texas had ruled that a "split" ticket was permissible.

TALBOT SAYS FEDERAL ELECTION MUST BE COUNTED RIGHT WAY

DALLAS, Texas, Nov. 5.—"This was a federal election and votes must be counted right," W. E. Talbot, Butte campaign manager, declared here in announcing that he will start a state wide check up of balloting as a preliminary step to making a formal demand upon the secretary of state for an official canvass.

"The apparent victory of Mrs. Ferguson upon the basis of incomplete returns, is misleading and a full vote will show Dr. Butte with a substantial majority," he declared.

Talbot said he had reports from El Paso, Coleman, Galveston, and Limestone counties indicating that "split" ballot tickets had been thrown out by election officials as irregular, despite a ruling to the contrary by the attorney general.

ATTORNEY GENERAL RULES SPLIT TICKET IS LEGAL CITING PLOTT VERSUS MOORE; CASE TYPICAL OF MEXIA SITUATION

AUSTIN, Texas, Nov. 5.—More election inquiries were received at the Attorney General's department Tuesday than on many past election days. Nearly all of them related to voting split tickets and the views expressed in a recent opinion were repeated, that voters had the right to vote for candidates on more than one ticket. It was Attorney General Keeling himself who answered the questions, as he had excused all of his assistants to go home and vote. Keeling votes in Austin.

Some election judges evidently had not seen the opinion because they asked if person could vote the Democratic ticket with the exception of Governor and in that place vote for Dr. Butte on the Republican ticket. Affirmative answers were given in every instance. From Corsicana and other places came the inquiry as to whether persons could vote the Republican ticket with the exception of Governor and there vote for Ma Ferguson in the Democratic column. An affirmative answer was given.

Judge Keeling advised, in response to messages that "State statutes do not authorize levy by city of poll tax against women and for this reason they are not required to pay same. Since women are not required to pay city poll tax payments of same can not be required of men as prerequisite to voting because of the nineteenth amendment to the United States Constitution which prohibits suffrage discrimination on account of sex. This does not apply to State and county poll tax since both men and women alike subject hereto are required to pay same."

The Attorney General held steadfast to the doctrine enunciated in Plott vs. Moore, 206, S. W., 958, in upholding the split ticket.

Several persons who had resided in the county less than six months asked if they could vote for national and State candidates, since they had been in the State more than a year, but the Attorney General answered that they must have resided in the county at least six months before being eligible to vote at all.

One unusual and highly amusing case developed. It was where a man's wife locked up his poll tax receipt and refused to give it to him unless he promised to vote for the candidate of her choice. The law says that in voting without poll tax receipt the voter must make affidavit that he has either lost or misplaced it. In this instance it was neither lost nor misplaced. Gen. Keeling was still searching the authorities when night came.

MISSOURI PACIFIC WOULD SPEND MILLIONS

(By United Press)
WASHINGTON, Nov. 5.—The Missouri Pacific Railway has applied to the Interstate Commerce Commission for authority to issue \$2,000,000 of five per cent equipment trust certificates, the proceeds to be used to acquire fifty locomotives, one thousand automobile cars, two dining cars, 75 cabooses, two observation parlor cars and two wrecking derricks.

FRENCH SEE U. S. JUST LIKE ENGLAND

(By United Press)
PARIS, Nov. 5.—The republican landslide in the United States presidential election is interpreted by Frenchmen generally as manifest action of radicalism and a desire not to release a bird in the hand for several in the bush. The press generally draws analogy between British and American elections.

KENTUCKY DOUBTFUL

(By United Press)
LOUISVILLE, Nov. 5.—Though the republicans have a lead, seeming to assure a majority on final count, the democrats refuse to concede the state, and the vote for president and senate is close enough that it is apparent the state may go either way.

DISPELS FOG DANGER FOR AVIATORS

Dr. Warren, of Harvard University, is in Washington making tests at Bolling Field of a process by which fogs and clouds may be dispelled, smoke screens brushed aside, and the movement of troops made clear. Electrically treated sand is blown into the clouds and fogs, dispelling them. Captain A. I. Eagle, of the Army Air Service, in charge of the experiments, is shown at the generator which electrifies the sand before it is discharged.

The Art of Beauty

By B. M. DOUGLAS

Marie Antoinette

SINCE writers are wont to attribute any deviation from a plucked conventional disposition to a streak of red hair, suppressor or suppressor, Marie Antoinette, the beautiful wife of Louis XVI, who stirred up civil war in France, may have been temperamental on her hair which had a tinge of red. However, being of a more conservative nature, we will admit that we have known a number of people who have stirred up tempers who have not been able to boast of red hair. Helen of Troy, we recall, who was famous for her blonde beauty was also famous for the misfortune that followed in her train including the ten years' Trojan war.

From a Copy of Print (C) Curtis and Cameron

With the brilliant complexion of so many of the Continental beauties of the day, with features of the elegant Rousseau type, and with reddish hair, Marie Antoinette possessed a youthful freshness of appearance as well as the liveliness and brave recklessness of youth. Etiquette in the Austrian court where she was raised was not so strict as that in the French court to which she came as a young Crown Princess and over which she later reigned as Queen, and who always rebelled against the rigors of French court life.

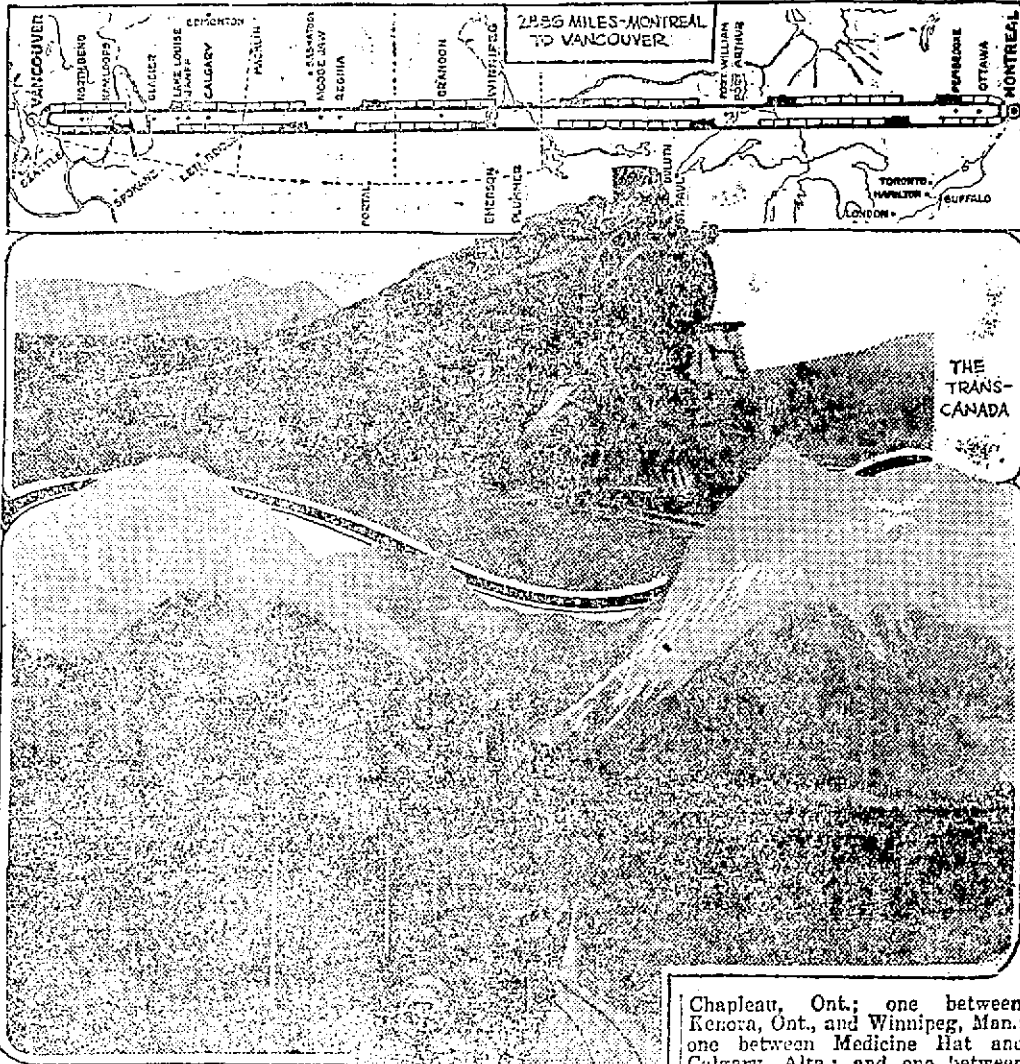

AND THE WOMEN IN THE NEWS SPOTLIGHT

Below: EARL CARROLL & EDSEL FORD

At the height of her career as a motion picture star, Leatrice Joy has announced her retirement, and will devote the rest of her life to her baby daughter, now three months old, born a few days after her mother obtained a divorce from John Gilbert, an actor. Edsel Ford, son of Henry Ford, was an important witness in the Detroit trial of Mrs. Anna Hladik, charged with attempted extortion under threat to kidnap the Ford children. The sum of \$1,050,000 was asked. Held in \$300 bail for trial before the Justices of Special Sessions on the charge of displaying obscene pictures in the lobby of his theatre, Earl Carroll, noted New York theatrical producer, refused to give bail and went to the Tombs to await trial. Baroness de Styreca, thrice divorced, is reported in London as being engaged to the Duke of Westminster, whose troubles with his wife have been aired recently in court.

Crack Canadian Train Covers Thrice Distance to Moon

THROUGH THE CANADIAN ROCKIES

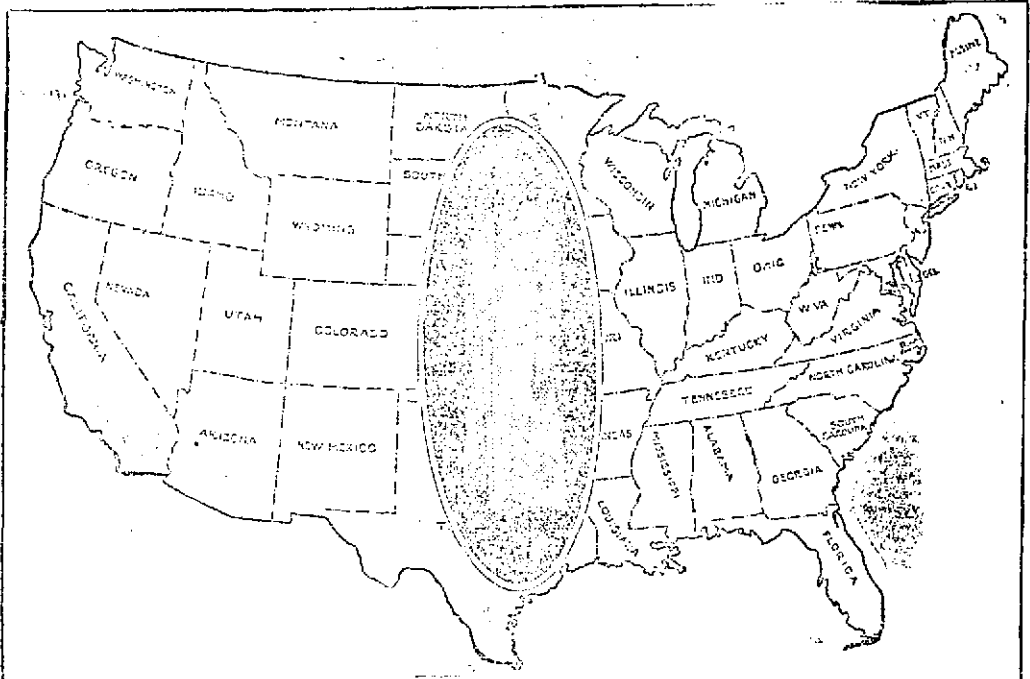

The Trans-Canada Limited, the crack trans-continental express of the Canadian Pacific Railway, operated during the tourist season, completed its 1936 schedule on Sept. 17th, when these trains steamed into the terminals at Vancouver and Montreal, having made 238 trips of a total mileage of 748,748 miles, which is three times the distance from the earth to the moon. The run from Montreal to Vancouver was 2,585 miles, covered in 90 hours, and 2,701 miles from Toronto to Vancouver in 87 hours.

C. B. Foster, Passenger Traffic Manager, summing up the season's performance, gave out some remarkably interesting figures which afford a partial insight into the magnitude of the task of maintaining such a service. The equipment of each of the ten trains consists of one baggage car, one dining car and four standard sleepers, one 10-compartment car, Vancouver to Montreal, and another from Toronto to Winnipeg, with a drawing room-3-compartment car from Montreal to Vancouver. There is also a local sleeper attached to west-bound trains from Ft. William to Winnipeg. The average number of passengers at night varies from 75 to 110 persons. During 119 days that the train was in service this season, there was a one-night use of approximately 100,000 berths.

Chapleau, Ont.; one between Renora, Ont., and Winnipeg, Man.; one between Medicine Hat and Calgary, Alta.; and one between North Bend and Vancouver, B. C. At the same hour an east-bound train was approaching Glacier, B. C.; another, Regina, Sask.; one was running east of Fort William, and one between Chalk River and Ottawa, Ont. Ten complete sets of equipment, 8 of which were in service each day, while two were being cleaned, refitted and turned around at the end of the run, were required to maintain the service.

The year's service called for 22 changes of engine on each Trans-Canada run from Montreal to Vancouver and two engines for the Toronto-Sudbury connection made by each train. This service required 48 engine runs daily, and including these, the trains made only 26 stops on their whole run. Steady movement at a uniform speed over long distances and not on high speed, is the reason the Trans-Canada maintained its schedule and achieved the smooth running for which it is noted.

Nurses Stop for No Barrier in Waging Unrelenting Warfare Against Disease

THE RED CROSS NURSE TYPIFIES THE HUMANITARIAN WORK OF THE AMERICAN RED CROSS THROUGHOUT THE NATION.

IN the welter of battered health advancement. In the United States she has carried the gospel of health to the far corners and has given tremendous impetus to health education especially in the rural areas. In more than 2,000 counties the Red Cross nurse has been engaged to establish public health nursing services, a work which has required more than 4,000 nurses and resulted in the permanent foundation of such nursing services and the absorption of them by municipal and county authorities in hundreds of places, 75 of these services being taken over by the taxpayers during the last year.

The policy of the American Red Cross is opposed to duplication of services rendered by any other organization, but it has found in the rural field that cultivation along public health lines is still very meagre. An adequate service of one public health nurse for every 2,000 population indicates the vast extent of this field throughout the entire country. This is a development work not of a year or two years, but of a decade through the combined effort of both official and voluntary agencies having an interest in health.

For the long haul up the grade to a nation-wide and permanently supported service for the public health the Red Cross has set a high standard for urban and rural nursing. The "bulldozing power" of more than 3,500 Red Cross chapters is being exerted everywhere with greater spirit in the realization that the Red Cross nurse has a usefulness and an influence in this work now well understood, and that ahead lie years of creative industry of inestimable value to the community.

Through teaching in the schools, in classes of mothers, by practical demonstrations, talks and home visiting, and the introduction of hot lunches for school children, the Red Cross nurse as nutrition instructor opens new fields for the organized Chapter forces to promote this important program. The nurse instructor spreads understanding of the fundamentals of nutrition as well as of the dietary values of food materials. In the past year 135,500 children and 12,200 adults were taught nutrition by the Red Cross, 35,600 homes were visited, and in 1,100 schools hot lunches were adopted as a stimulus to physical and mental fitness.

Educators Warmly Praise the Work In inviting the people to join the American Red Cross during the enrollment period from Armistice Day to Thanksgiving Day, Nov. 11-27, or to renew their memberships, the Red Cross places before the country this nursing service as but one of its unceasing endeavors in behalf of humanity. The healthiest individual, as well as every individual who knows from experience the gradations down from a perfect health equipment, is urged to support by his allegiance the American Red Cross as a simple duty to himself and his fellow man.

MEN AND WOMEN IN THE NEWS SPOTLIGHT

Below: FLORENCE ALLEN & BETTY FITCH. Below: DOROTHY DALTON & MICHAEL FOKINE

Betty Fitch, one of the members of the cast of Earl Carroll's Vanities, offered \$4,000 ring as bail when Carroll was held in \$350 bond for displaying alleged obscene pictures in lobby of his theatre, but he refused bail and went to "bombs" for principle. Florence Allen, sprightly New York show girl, weakened in her battle with life and attempted to die by poison. When physicians pulled her through, she said she was sorry, and that she wouldn't try it again. Dorothy Dalton, motion picture actress, lost her court fight to recover \$5,000 for dresses lost from her trunks in a New York city hotel's storeroom, the court holding she assumed the responsibility when she placed them there. Michel Fokine, famous Russian dancer, lost \$1,500 because of his temper. He sued the Shuberts for that amount, which he was to have received for rehearsing his ballet. At the first rehearsal, some one laughed at his scanty costume and he left the theatre in a huff and refused to return. The courts ruled against him.

Hints From a Housewife's Kitchen Diary

Appetizing Autumn Dishes

CASSEROLE OF LAMB WITH VEGETABLES

Even dishes are becoming more popular because the appearance of the food is more appetizing than that prepared on top of the stove. And experienced housewives who are using self-basting enameled ware roasters, adapted to meat dishes where basting plays such an important part in the flavor and browning of the roast. And after the meat is cooked, enameled ware is most easily cleaned, no matter how thick the gravy.

A wholesome baked dinner consisting of meat and vegetables can be prepared in a self-basting enameled ware roaster, which saves considerable time. All the real work is in the preparation—the cooking only requires an oven of the proper temperature and timing. Wipe two pounds of lamb shoulder or neck chops with a damp cloth, trim, sprinkle with salt, pepper and flour and brown quickly in a hot, greased frying pan. Place in a self-basting roaster and add two cupsful of diced carrots and a dozen small white onions. Add two cupsful of water to the fat in the frying pan; let boil up, pour the syrup over them and bake in a moderate oven for ten minutes. Then remove from the oven and fill the cavities with a mixture made of chopped dates and raisins which have been mixed with cinnamon and marshmallows. Return to the oven for thirty-five minutes, and baste occasionally.

will insure the color and flavor of this unusual and pleasant delicacy. In the morning simmer over a moderate fire till thick and rich. Remove the cinnamon and place in air-tight jars while hot.

"JUST DIFFERENT" BAKED APPLES

In most localities apples are abundant at practically all seasons, but they are inclined to be better at this particular time of the year. Perhaps no one fruit lends itself to serving in more varied ways and a baked apple doesn't necessarily mean the usual kind that is served at breakfast. Baked apples filled with tempting dainties would never fail to make an appeal as dessert. Select six large firm, tart apples, wash and pare them about one-third of the way down from the stem end. Place them with the peeled surface upward in a deep enameled ware dish the vitreous, porcelain-like surface of which makes it perfect for this use. Make a syrup of one cupful of sugar and one and one-half cupsful of water boiled together for six minutes. Squeeze some lemon juice over the peeled part of the apples, pour the syrup over them and bake in a moderate oven for ten minutes. Then remove from the oven and fill the cavities with a mixture made of chopped dates and raisins which have been mixed with cinnamon and marshmallows. Return to the oven for thirty-five minutes, and baste occasionally.

OLD FASHIONED BAKED BEANS

Baked beans, prepared with bacon, make a very desirable one-dish dinner. It is especially nice for busy days when one doesn't want to spend too much time in the preparation of a meal. But, as every housewife who has tried has discovered, making good baked beans is something of an art. Pick over and wash two cupsful of dried white or kidney beans the evening before, and put them to soak in cold water, enough to cover, in the morning blot the beans, adding one tablespoonful of salt. When the skins loosen and turn back, remove from the fire and drain. Have ready one half pound of sliced bacon, one medium sized onion, one and one half cupsful of tomatoes and two tablespoonfuls of molasses. A deep enameled ware baking dish is most desirable for preparing beans, because it is proof against acids in vegetables and will not affect or be affected by the tomatoes. Also, being dainty and china-like in appearance it can be used as a serving dish. Cover the bottom of a baking dish with some slices of bacon, add half the beans, salt, pepper and half the onion and tomatoes. Add the second layer in the same order. Pour over the molasses and boil-water to cover. Bake for a moderate oven.

TRY THIS GREEN TOMATO CONSERVE

By this time of the year most housewives have all sorts of delightful preserves, preserves and jams already stored away for winter use. So this is just the time to turn attention to green tomatoes, which, really have many possibilities. A conserve is one delicious way of preserving the versatile tomato. A modest supply of this sweetmeat can be made with four pounds of green tomatoes. Slice the tomatoes and remove the seeds as far as possible. Then scald them. Drain well and chop fine. Slice lemons also and remove the seeds, cover with cold water and simmer till tender; then chop them together with one pound of seeded raisins. Cut one half pound of crystallized ginger into minute pieces, but do not chop it. Mix all together well, and drop in a few tiny pieces of stick cinnamon. Add four pounds of sugar, stir vigorously and let stand overnight. Because of the fruit and vegetable acids contained in this mixture and the necessity of its standing in a utensil overnight, an enameled ware preserving kettle should be used. The porcelain-like surface of the enameled ware is proof against them.

County Federation of Women's Clubs is Organized

MRS. SAM COX IS PRESIDENT AND MANY MEMBERS AFFILIATE

GROESBECK, Texas, Nov. 5.—On invitation of the Groesbeck Shakespeare Club about sixty-five women met here this week representing the women's clubs of Limestone County for the purpose of reorganizing the County Federation of Women's Clubs. The call was made by the former president, Mrs. C. D. Kelley, who presided over the meeting. Other temporary officer of the afternoon were Mrs. Dan Parker, secretary, assisted by Miss Hattie Gilbert; Parliamentarian, Mrs. J. T. Cox; Pages, Mrs. Jason Chandler and Mrs. Tom Cain; Tellers, Mrs. Rude Oliver and Mrs. Wilford Sanders; Resolution Committee, Mrs. A. C. Strickland, Mrs. Sam Cox and Miss Angie Poindexter. The towns of Coolidge, Mexia, Kosse and Groesbeck were represented but Thornton and other towns will be in the permanent organization.

Mrs. Kelly made appointment of committee chairmen as follows: Constitution and By-Laws, Mrs. W. W. Brown, Groesbeck; Mrs. John Swett, Mexia; Miss Angie Poindexter, Kosse; Program Committee, Mrs. Jess McLendon, Mexia; Fine Arts, Mrs. A. C. Strickland, Coolidge; Applied Education, Mrs. Virginia Bedford, Thornton; Public Welfare, Mrs. Fletcher Allen,

Mrs. C. D. Kelley, Thornton; Economics, Mrs. Tom Cain, Groesbeck; Conservation and Civics, Mrs. S. J. Needham, Mexia; Industrial and Social Constitution, Mrs. A. P. Ellis, Thornton.

The permanent officers elected were: President, Mrs. Sam Cox, Mexia; 1st Vice President, Miss Angie Poindexter, Kosse; 2nd Vice President, Mrs. A. C. Strickland, Coolidge; Parliamentarian, Mrs. J. T. Cox, Groesbeck. This organization elected Mrs. Sam Cox as delegate and Mrs. C. D. Kelly, as alternate, to represent the Club at the State meeting to be held in Amarillo, in November.

The afternoon program was as follows: "America, The Beautiful," by the Club. Invocation, Mrs. J. Cull Sanders. Address of Welcome, Mrs. J. T. Cox.

Response, Mrs. Sam Cox. Report of Program Committee, Mrs. W. W. Brown. Piano Solo, Mrs. A. C. Strickland. Purpose of Meeting, Mrs. C. D. Kelley. Voice Solo, Mrs. Harry Humble. President's Address, Mrs. Jess McLendon. Auld Lang Syne, Mrs. Mary Whitcomb. Refreshments were served by Mrs. A. M. Blackmon and Mrs. Ben Rawls. The Club slogan is, "An Active Federated Club in Every Voting Precinct." The next meeting will be held in Coolidge in March.

Little Lord Fauntleroy Author Is Dead.

MRS. FRANCES BURNETT Mrs. Frances Hodgson Burnett, author of "Little Lord Fauntleroy" and scores of other popular books, is dead at her Flanome, Long Island, N. Y., home, at the age of seventy-five. She was one of the world's highest paid writers, many of her works netting her 10 cents a word. In two years she received \$200,000 in royalties, one book paying her \$2,000 a week for a few months.

Werrenrath Invades Realm of Popular Music Hits

100% AMERICAN VOICE SUCCESS

Singer Thinks Turn About Is Fair Play—Cites Whiteman

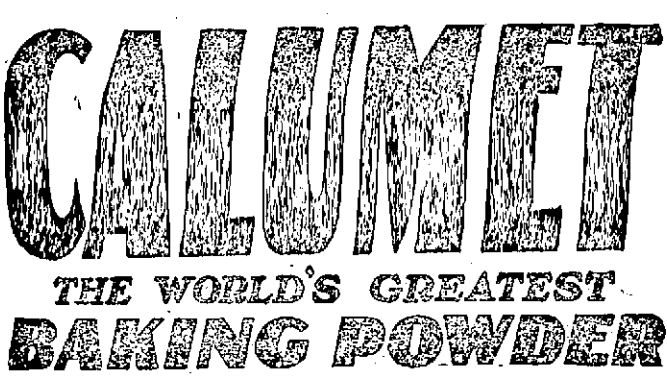

"Well, turn about is fair play, isn't it?" This was the quizzical answer of Reinald Werrenrath, world famous singer, when reproached by certain of his "highbrow" friends for his partial desertion of the classics for modern popular music.

"Paul Whiteman has invaded the classical realm," Mr. Werrenrath went on, "by applying softened jazz treatment to many of the best known favorites of opera and concert goers. He has even deserted the ballroom temporarily and taken to the concert stage. He has not, however, deserted

melodies now being written by young American composers and sung by the world. The fact of a song's permanent value is that it shall awaken sincere response in its hearers. Such popular songs as have not met this test are forgotten. Those that are worth while are the songs that still live in the hearts of the people. Those are songs I want to sing.

What People Want: "That is why I have put 'Suppose I Had Never Met You,' the new song success from 'Little Jessie James,' on the records. It is modern American music—not highly cultured music, it is true, and rather sentimental. But it is not above the heads of the people who play it, sing it and listen to it, and all the music guilds and societies in America will never

WOMEN OF METHODIST MISSIONARY SOCIETY ELECT OFFICERS FOR THE CONFERENCE YEAR OF 1924

The ladies of the Missionary Society of the First Methodist Church met Monday, November 3rd, for an all day meeting of prayer. This is the week set apart by the Methodist ladies all over the world for prayer and self denial. The self denial offerings will be used in special mission fields in the United States and foreign countries.

special subject stressed by Mrs. Andrews was, how Jesus prayed. Several ladies gave scriptures on the need of prayer. The map study of their mission in Mexico was led by Mrs. Landrum who led with a special prayer for our schools in Mexico. Mrs. Peyton gave a beautiful vocal solo. Miss Ward led the prayer for our Americans in Mexico and after a song the meeting was dismissed by Mrs. Kinchele.

Lunch was served in the dining hall and promptly at 1:30 o'clock Mrs. Swett opened the afternoon session with all singing, "Close to Thee," Mrs. Andrews led in prayer. Mrs. Berry and Mrs. Cecil White gave a little playlet on Missionary work, showing the enormity of the money given by the ladies in our self denial week. Mrs. E. M. Strange rendered a beautiful solo, with Mrs. Hayter at the piano. Mrs. Ben Smith gave a paper on the work among the miners in West Virginia. Sentence prayers were offered for this work. Mrs. Swett told the ladies about their work among the miners of Thurber, Texas. After a prayer by Mrs. Landrum the ladies went into a business session which heartily endorsed the movement for religious week day lessons for the school children which is being brought before the several churches. New officers were elected for the coming year as follows:

President, Mrs. A. H. Berry. Vice President, Mrs. J. Swett, Recording Secretary, Mrs. Cecil White, Corresponding Secretary Mrs. E. L. Smith, Local Treasurer, Mrs. Roy Bass, Connectional Treasurer Mrs. Horace Stevens. Publicity Superintendent Miss Phrona Ward Supt. of Supplies, Mrs. Owen Watkins. Social Service Mrs. Geo. Peyton, Young people, Mrs. W. Stone. Supt. Study Mrs. W. B. Landrum, Local Supt. Mrs. Gene Sinclair.

"For Mexia, I WILL"

THE NEWS' PROGRAM FOR 1934-35

(1) A government by law. (2) A bigger tin bucket brigade. (3) Conservation of gas and other natural resources, with a view of offering industries cheaper fuel rates. (4) Storage for an adequate reserve water supply in Mexia. (5) Adequate fire equipment to meet growing needs in a growing city. (6) More paved roads leading into Mexia and all down town streets repaired. (7) Lime mines developed at Tehuacana. (8) A downtown market for farmers. (9) Diversified farming. (10) A Limestone County Fair at Mexia. (11) A county farm agent and demonstrator. (12) Clubs for boys and girls of the county to encourage them in farm industries. (13) More good roads and systematic maintenance. (14) 10,000 trees for Mexia. (15) A complete parking system in Mexia. (16) A great downtown auditorium. (17) Beautification of Hughes Park. (18) Protection of life on streets and roads, through the rigid enforcement of all ordinances and laws regulating traffic. (19) A growing "trade-Mexia" spirit and pride in its institutions. (20) A thoroughly united citizenship, free from jealousy, envy, strife and other dwarfing discordant influences that tear down and blight many a city in the making.

EVER MOUNTING TAXES

Ten billion dollars was the cost of conducting the federal, state and municipal government of the United States last year, according to figures collected by the National Industrial Conference Board. In the face of such a sum the people, who must supply all this money, may well ask when a limit will be reached for the cost of government in an ascending scale each year.

The \$10,000,000,000 was divided as follows: Federal \$3,459,000,000; State, \$1,450,000,000, and Local, \$5,136,000,000. The significance of the figures is to be found in the two latter expenditures. In 1915 the forty-eight states spent on their governments \$979,000,000. A jump to \$1,450,000,000 in 1923 is no unimportant addition to the cost of living to the taxpayers throughout the country. But municipal spending is what is making the shoe pinch people. For instance, in 1915, the expenses of 146 of the leading cities were \$996,061,502, as against \$1,984,322,234 in 1922. These figures are supplied by the United States department of commerce.

Just how many cities are included is not indicated in the report of the National Industrial Conference Board, to bring the total costs of local government up to \$5,136,000,000 in 1923, but it is obvious that municipal expenditures are rising rapidly. A growing city will have growing expense; that is to be expected, but if the cost of municipal government is to double every ten years, the people of the cities of the United States may well despair, or speak in such a voice that their public servants will understand not only that spending must be kept to the lowest possible point commensurate with good service, but that for every dollar put out there must be had a dollar's worth of work.

OUR DISAPPEARING FORESTS

A recent announcement by the Pennsylvania Railroad Company that it must seek a foreign supply of cross-ties to support its many miles of steel rails is but another indication of the passing of the great American forests. This one railway requires 6,000,000 ties annually for its roadbeds. White oak, from which the best ties are cut, is becoming scarcer every year, and other woods are not suitable.

So the Pennsylvania railroad will seek a new supply of cross-ties, either in Central or South America, and this brings us once again to a realization that our own forests, once the greatest in the world, are fast disappearing under the ever-increasing demand of our growing industries. During the war this situation was brought to our attention more than once, when certain woods were needed for carrying out our shipbuilding and airplane construction programs.

The Pennsylvania is only one of the great railroad systems

which bring our states into one great union. There are approximately 250,000 miles of railroad in the United States. In every one of these miles about 3,500 cross-ties are needed.

The vast forests of North America are gradually being used up and efforts so far made to replant them have been on too small a scale to be worth-while except as an indication of what can be done through a national reforestation program carried into effect on a huge scale by the federal land state governments.

WOMAN'S MISSIONARY SOCIETY TO SEND BOX TO NEEDY

The Woman's Missionary Society of the Methodist Church will send a box of clothing to their mission among the miners in Thurber, Texas.

All who have clothing, hats and shoes which are in wearable condition please send them to Mrs. Ben Smith, Mrs. Ben Howard or Mrs. Robert Lewis.

Permanent Waving Intricate Process, Says Specialist

NEW YORK.—The permanent hair wave has become a tidal wave of fashion that has swept the feminine world.

Eugene, head of Eugene Ltd., of Paris, London and New York, manufacturers of permanent waving machines, is a Parisian and one of the famous hair-dressers of the world. He has made the permanent wave, not only an art, but a science.

"Scientifically produced, the permanent wave is a delicate and intricate process," said Eugene. "It is permanent. But hair grows a half inch a month. So waving the new hair is necessarily a continuous performance."

"Methods differ. There are three steps—wrapping the hair on curlers, application of the steaming material and the heating unit. Most methods apply uniform heat to the hair—the same heat at the

ends as at the roots. This makes a lesser degree at the ends.

the ends dry and brittle because This prevents injury to the hair

hair at the ends is less heat-resistant which remains in its natural condition and insures a tight wave.

vented a machine with a two- "I am an apostle of what is

neothermal heater which applies a technically known as the flat wind

greater degree of heat at the roots. Most machines use the twist wind

which results in a kinky wave. The flat wind is more difficult but by use of an automatic curler, we are able to make a flat wind a tight wind. The flat method of winding the hair gives a wide, beautiful wave."

"The permanent wave was invented in 1905. I know of no invention that has been such a beauty aid to women. It is a great transformer. It makes uncomely women attractive and beautiful women more beautiful."

AUTUMN

(Ben B. Hunt)

A searching wind is sweeping now
The heart within my breast,
And urging me to discover
The things that are not best—
I want to strip my secret soul
Of dress and greed and base,
And let it be an open scroll
Upon a golden gate!

The rushing robe that drowns
To men on paying lanes
Is like the autumn's children which
That strip the summer trees—
It seems at first a chilling blast
That leaves us cold and bare,
And then uplifts us to the light
In warm, redeeming prayer!

There's something strange about the way
My heart is searching now—
It seems to lift the mist away
And every weakness see!
It seems the heart is searching now
All things within my breast
And urging me to discover
The things that are not best.

O, help us Lord to cast away
Upon the autumn air
The faded leaves of yesterday,
Of failure or despair;
O, help us strip our secret soul
Of worthless things and dress
That we may wear their final toll
And not regret the loss!

NURSERY WILL OPEN IN BASEMENT OF METHODIST CHURCH SUNDAY

The First Methodist Church will

open their new nursery next Sunday in the basement of the church. All mothers who have small children are cordially invited to come to church next Sunday and bring them; they will be well cared for.

RUSSIA IN MEXICO.

MEXICO CITY, Nov. 5.—Stanislav Postovsky, Russian envoy to Mexico will present his credentials to the President some time this week. He was received by the foreign minister early in the week.

HAVE KIDNEYS EXAMINED BY YOUR DOCTOR

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weak; then you may suffer with a dull ache in the back or side headache, dizziness, your stomach sour, tongue is coated, and when the weather is hot you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get clogged and irritated, obliging you to urinate two or three times during the night.

To help neutralize these building acids, to help cleanse the kidneys and flush out the body's urinous waste, get four ounces of Jael Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with bicarbonate and has been used for years to help flush and stimulate sluggish kidneys; also to

neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jael Salts is inexpensive; can not injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys at least twice a year.

CALLED MEETING MASONIC LODGE

There will be a called meeting of Springfield Lodge No. 74, A. F. and A. M., tonight at 7:30 for work in the E. A. degree. Visitors are always welcome.

Worst Coughs Yield Quickly to Good Old Pine Tar and Honey

One of the best cough medicines that was ever compounded, according to specialists, is good old pine tar and honey. It cures a bad cough in 24 hours, and another advantage is that it can be given to young and old alike, as it contains no narcotics or opiates. Doctors say the pine tar quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing, also healing soreness, while the honey both soothes irritation and gives a pleasant taste.

The kind that has been used in thousands of families for many years, for coughs, chest colds, hoarseness, spasmodic croup, etc., is Dr. Bell's Pine-Tar-Honey, which was the original compound. It has had many imitations, but still remains the best, as it is so scientifically compounded of just the right proportions of pine tar, honey and other healing ingredients which the best doctors have found to aid in giving quick relief. If you want the best, get the original Dr. Bell's Pine-Tar-Honey and no other. Only 20c. at any good drug store.

S.S.S. The World's Best Blood Medicine

Only Two Such In Whole Country

(By United Press)

BRYAN, Nov. 5.—It's a far call from Bryan, Texas, to the interior of Minnesota but that far cry found something Texas didn't have—a girl with locks unshorn.

The local lodge of the Knights of Pythias broadcast an appeal throughout the state for a girl with long tresses to take part in the dramatization of the degree "Lessons in Friendship," to be staged at a local theatre Armistice day. There were no responses from Texas.

Then from Henning, Minn., came the offer of a lady that she had

"two fair, long-haired candidates possessing 'women's crowning glory' that would be sure to please."

From last reports the lodge practically decided to accept the offer.

A Good Thing - DON'T MISS IT

Send your name and address plainly written, together with 5 cents (and this clip) to Chamberlain Medicine Co., Des Moines, Iowa, and receive in return a trial package containing CHAMBERLAIN'S COUGH REMEDY for coughs, colds, croup, bronchitis, "flu" and whooping coughs, and tickling throat; CHAMBERLAIN'S TABLETS for stomach troubles, indigestion, gassy pains that crowd the heart, biliousness and constipation; CHAMBERLAIN'S BALM, needed in every family for burns, scalds, wounds, piles and skin affections; these valued family medicines for only 5 cents. Don't miss it.

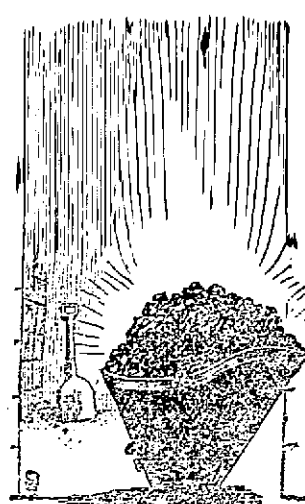

The Mexia Rotary club will hold its luncheon Thursday at the noon hour in the basement of the First Methodist church. All members are urged to be present. Visitors welcome.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with twofold action; it soothes and heals the inflamed membranes and kills the germ.

Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. Creomulsion Co., Atlanta, Ga. (Adv.)

What's the use of waiting any longer to buy that coal. Some of these days you are going to need it mighty bad and won't have it in your bin. Phone us and we will fill her up with our good coal.

Human Birds Come South For Winter

(By United Press)

DALLAS, Texas, Nov. 5.—With the fading of an ideal Indian Summer in the northern states, great numbers of birdmen are winging southward, to warmer haunts for the winter months. Many planes have landed at Love Field to take on fuel and continued their journey to sunnier climes.

These itinerant aviators are, for the most part, air performers who have through the summer months conducted air carnivals and flying circuses in northern cities, but are finding the weather too cold for ideal flying conditions. Arrangements have been made to care for a large plane migration this year at Love Field, according to officials there.

Officials at the flying field said the itinerants are of the same roving disposition that was once prevalent in the fellows who used to ride the brake rods on freight trains when the season called for a change in location.

Required Seven Years to Count Fortune.

Although only seventeen years old, the Duke of Norfolk has inherited \$25,000,000 from the estate of his father, the hereditary Earl Marshal of England and Chief Butler of the Empire. His father died in London seven years ago, but it has required that space of time to determine the extent of his wealth.

Not Even The Law Can Scare Him Off

(By United Press)

SAN ANTONIO, Nov. 5.—Chief Deputy Sheriff A. Newton, Jr., reversed the role of Dan Cupid here recently when he was called upon by a frantic mother and a tearful daughter to shoo away an ardent suitor who insisted on marrying the girl without the mother's stamp of approval.

The license had been purchased and even the trousseau had been sent to the bride of the unwilling young bride by the modern Lothario, with the word that he would be around later with a minister to tie the knot.

After a few moments "interference" by the authorities, the "red hot chick" departed peacefully declaring he would marry the girl in the end despite family interference.

Cunningham's Hat and Tailor Shop, Phone 682.

Trade at Home. For Mexia I Will.

ARGENTINE AVIATOR PLANNING FOR WINTER

TOKIO, Nov. 5.—The Argentine aviator Zanni outlined three possible plans for his flight activities. First, staying here until spring and then continuing the round the world flight; second, proceeding by boat to Holland and flying from there to Buenos Aires; third, going to New York and flying from there to Buenos Aires.

Fenders and auto bodies rolled promptly and efficiently. No need to send your work out of town. **Pat F. Hopkins Wheel & Body Works, Phone 725.**

SPORTLIGHTS

In the contests on the gridiron with neighbor towns, the students are urged to be careful and root "clean" just as they expect their teams to "fight" clean. The Mexia school students and fans of the Mexia High School Black Cats are "rooted" for their genteel way of cheering. They are to be congratulated.

Sometimes things can be said at a baseball team by fans which engender enmity between the towns of many months duration.

The Black Cats are due to win over Groesbeck Friday, but sometimes old man overconfidence wrecks the playhouses of mice and men. Think about that triumph of Rice over Texas Saturday, just for one example.

sweep the deck in everything this year. There's none better than the Mexia boys and girls.

It was a heart breaking affair over at Meridian last week-end when the strong Westminster football squad was defeated by Meridian College, 29 to 0.

That was a big score against Westminster but things like that often happen in football. A hard game may be fought. Teams may be pretty evenly divided as to strength and yet one of them will get all the breaks and all official decisions and win.

That was the case last week when Meridian won. Westminster has a team just as strong as Meridian, five times in the first three quarters, Westminster carried the ball to the ten yard line, with goal to gain and everytime, the officials placed a penalty of from five to fifteen yards on them. The officials may have been right, but that sounds strange, at least.

Westminster goes to Dallas next Monday to play the Southern Methodist University Ponies. The boys have got the spirit to win. They have the training to win. They have football knowledge and

power enough to win. They should win.

"Dub" Kendrick is going to make Rice "Varsity" on the gridiron in 1925. That Mexia High School product is going good, with a strong bunch on the Freshman squad at Houston.

When Mexia graduates go else where to college and university they should bear in mind that the honor of Old Mexia is at stake and try to run up a score and a record in all their undertakings.

PEOPLE WHO WERE ONCE GOOD LOOKING

A heartrending and yet interesting thing happened in a down town store when a middle-aged lady got into a loud argument with a clerk. "I know what I want," she kept saying. "I have tried all those other things, but I know from what I saw it do for some friends of mine that it is Black and White Ointment which gets rid of these pimples and blotches. I was just as pretty as any girl when I was young, but I got careless and now I am in the fix you see."

So many people are now insisting on Black and White Ointment, and Black and White Soap, to get rid of pimples, blotches, eczema, rash, tetter, ringworm, "breaking out," etc., because they see and hear of the thousands of others who now know they can depend upon it. And they are more economical, too. The 50c size Ointment contains three times as much as the liberal 25c size. All dealers have both the Ointment and Soap.—(Adv.)

STUARTS

JOHN L. WORTHAM CITIZEN AND MAN. CONE HENCE

Colonel John L. Wortham, former railroad commissioner, former penitentiary commissioner and one of the best-known men in Texas, was seriously ill in his apartments in the Rice Hotel Tuesday night. He was suddenly stricken Monday afternoon with what developed into pneumonia within a few hours and attending physicians regard his condition as serious.

Colonel Wortham has been living in Houston for a number of years, since his retirement from public life, and has been engaged in the insurance business. He has a host of friends all over the state, and especially among the older men who have been in public life—Houston Chronicle.

A message was received from Houston early Wednesday morning stating that Col. Wortham died at 4 a. m., and that the funeral will occur Thursday afternoon in Houston.

The name of John Wortham was at one time and for many years a household word in this section. He was born and reared in Freestone county near the present town of Kirven, and was for several years a prominent business man of Mexia, being a member of the firm of Donner & Wortham, hardware dealers.

Governor Lanham appointed him as financial agent of penitentiaries, which position he filled creditably. He afterwards served as secretary of state and railroad commissioner, and in every position he was faithful to the interests of the people.

Always active in politics, he was one of the best known public men in Texas, and thousands will mourn his demise.

A broad minded, big hearted man, in his death Texas loses a splendid citizen and his family a devoted husband and father.

This writer counted him as a friend indeed, and mingles his tears with those of thousands of others who knew him for his true worth. Peace to his ashes. N. P. R.

Jasper Hi Team Is Coming Winner

By ROY B. HENDERSON.

AUSTIN, Texas, Nov. 5.—The Jasper High School, in Jasper county, has the distinction of being the first school in the University of Texas Interscholastic League football race to win a sectional championship. By defeating Center City to six last week Jasper won the undisputed leadership of its section. The championship in Section 7 would have been determined at the same time if the game between Stockton and Odessa had not ended in a tie.

At the present time twenty-seven Conference A teams and 58 Conference B teams remain as contenders in the race. Games have been mapped out so that all Conference B championships will be known by November 8, and all Conference A championships will be decided by November 15.

The following are the games in which contenders participate this week end:

Conference A—Section 1: Ama-

Co-Operative Expert May Enter Cabinet.

SAMUEL ADAMS

Samuel Adams, of Chicago, prominent editor, is prominently mentioned as President Coolidge's choice for the post of Secretary of Agriculture to succeed the late Henry C. Wallace. Mr. Adams is a fruit grower and as president of the Pomological Society led in the organization of America's largest agricultural co-operative association, which handles 50,000 carloads of fruit and vegetables each year.

Section 1: Kaufman vs. Highland Park, Farmersville vs. Commerce. Section 6: Gilmer at Mt. Pleasant. Section 7: Ft. Stockton vs. Odessa. Section 8: Coleman vs. Lampasas, Junction vs. Sonora. Section 9: Marlin vs. Itasca. Section 11: Laredo vs. Pearsall, Del Rio vs. Sabinal. Section 12: Granger vs. Smithville, Giddings vs. Flatonia. Section 13: Cameron vs. Caldwell. Section 14: Eagle Lake vs. Humble, Alvin vs. Bay City. Section 15: Yorktown vs. Somers, Edna vs. Beeville. Section 16: Donna vs. Mercedes.

MUST OBEY THE RULES
OR GET RULED OUT

AUSTIN, Texas, Nov. 5.—At a meeting of the State Executive committee of the University of Texas Interscholastic League, held October 29, it appearing by admission of the public school authorities of Milford that Cagle, a seventh grade boy in the Milford schools, was allowed to participate as a player on the Milford and Itasca high school football teams on October 24, last, and in view of Section 7, Article VIII of the Constitution and Rules of the League which declares a student in the seventh grade ineligible to represent a high school, the committee forfeited the game to Itasca. The minimum penalty in this case was inflicted for the reason that the Milford public school authorities were,

Padlocks And Chains As Gentle Reminders

(By United Press)

HOUSTON, Nov. 5.—A padlock and chain on the door of an eastern cafe, cabaret or dinner club invariably means that the place has been raided, but not so in Houston. Recently several business houses have been found by early workers with the front entrances chained, wired and even nailed. Failure of merchants to lock their doors at the close of the days business caused the police department to issue a warning. Still the doors were left unlocked and the coppers have taken matters in their own hands.

RED PEPPER HEAT STOPS BACKACHE

The heat of red peppers takes the "ouch" from a sore, lame back. It can not hurt you, and it certainly ends the torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub, and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers.

Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

Mrs. W. A. Buckner is on the sick list, suffering from an attack of la grippe.

COOLIDGE HEARS UNITED PRESS ELECTION REPORTS

(By United Press)

WASHINGTON, Nov. 5.—President Coolidge arose with the sun today to take a brisk walk in the misty morning air.

If he felt elated at the tremendous victory he won in yesterday's election he gave no sign of it to the two secret service men who walked with him along the deserted streets.

The President retired at 12:45 this morning after spending the entire evening with Mrs. Coolidge and his closest friends—Mr. and Mrs. Frank Stearns, of Boston, before a booming loudspeaker in his White House study, listening to the United Press returns from station WEAH, in New York.

Throughout the evening he sat with folded hands before the big horn betraying not the slightest sign of emotion as his vote rolled higher and higher, carrying all before it, even to unanticipated Senate and House victories.

Frank Stearns and C. Bascom Sloop, the President's secretary, were the dynamos of enthusiasm at the executive mansion. Stearns could hardly contain himself for his joy.

"I am the happiest man alive," he exclaimed to newspaper men when the President's victory seemed finally assured.

Secretary Sloop, jubilant over Massachusetts returns showing an apparent victory of Speaker Gillet in the senatorial race, called the President at 1:30 to give him the "latest news" and asked Mr. Coolidge if he had anything to say to the waiting corps of newspaper men who bivouaced at the executive offices throughout the night.

"Tell them I am working on my Thanksgiving proclamation," replied the President.

He then dictated a telegram before finally retiring, to Chairman Butler, praising his conduct of the campaign, as follows:

"I want to thank you for your conduct of the greatest campaign I have ever known. Your management has been superb."

AUNT SAVES CHILD'S LIFE WITH BLOOD

MRS. T. G. KELTY, (Below) T. G. KELTY and MEREDITH WATERBURY, JR.

T. G. Kelty, pioneer business man of San Bernardino, Cal., was found dead, his wife delirious and their little niece, Meredith Waterbury, of Los Angeles, nearly unconscious, when the curtain of mystery that shrouded their disappearance in the San Bernardino Mountains was raised. Their automobile had backed over a 500-foot cliff near Oak Flat and deep foliage hid the wreckage from searchers. Mrs. Kelty, shown holding her niece when the latter was a baby, had saved the child's life by opening her own veins five times to give her life blood to the child to drink.

AMERICAN EDUCATION WEEK NOVEMBER 17-23 WILL BE OBSERVED THROUGHOUT U. S.

By designation of the President of the United States the week beginning November 17 will be celebrated as Education Week. For the purpose of bringing educational problems to the attention of the people. Churches, lodges and civic associations are asked to cooperate with the National Education Association, the American Legion and the United States Bureau of Education in making this observance a nation-wide success.

The following program is suggested:

Constitution Day.—Monday, November 17, is designated as Constitution Day, the central idea being: "The Constitution—The Bulwark of Democracy and Happiness."

Patriotism Day.—Tuesday, November 18, "The United States Flag is the living symbol of the ideas and institutions of our Republic."

School and Teacher Day.—Wednesday, November 19, "The Teacher—the guiding influence of future America."

Heritage Day.—Thursday, November 20, "Informed intelligence is the foundation of representative government."

Physical Education Day.—Friday, November 21, "Playgrounds and athletic fields mean a strong, healthy nation."

Community Day.—Saturday, November 22, "Service to the Community. State, and Nation is the duty of every citizen."

For God and Country Day. Sunday, November 23, "Religion, morality, and education are necessary for good government."

The tentative program and other material prepared for convenient use during Education Week will be mailed free on request to Bureau of Education, Department of Interior, Washington, D. C.

Saturday, November 22, has been designated as Community Day in the American Education Week program for 1924. It is hoped that there will be a community meeting that day or evening in every school house in America. The subjects suggested for discussion are of particular value to rural communities, the central idea being "Service to Community, State, and Nation is the duty of every citizen." Here is a suggested program:

1. Equality of opportunity in education for every American boy and girl.
2. Better rural schools.
3. Adequate public library service for every community.
4. A community's concern for education measures its interest in its own future.
5. Good roads build a community.

Slogans.—Get acquainted with your neighbor; A square deal for the country boy and girl; Children today—Citizens tomorrow.

Teachers, ministers and community leaders will add to or subtract from the above program or modify in such a way as to meet local conditions.

CITATION BY PUFATION.

The State of Texas, To the Sheriff or any Constable of Limestone County—Greeting:

You are hereby commanded to summon J. E. Winans, A. C. Norman, and Buckner & Wright by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Limestone County, to be held at the Court House thereof, in Groesbeck, Texas, on the 1st Monday in December A. D. 1924, the same being the 1st day of December A. D. 1924, then and there to answer a petition filed in said Court on the 9th day of October A. D. 1924, in a suit, numbered on the docket of said Court as No. 5-05-A wherein Phil Karner is Plaintiff and J. E. Winans, A. C. Norman, and Buckner & Wright are Defendants, and said petition alleging defendants delivered to the

plaintiffs three vendor's lien notes, each for the sum of \$4,243.23, due on or before March 7, 1922, on or before July 7, 1922, on or before November 7, 1922, respectively, payable to plaintiff, bearing interest at eight per cent. Said notes were given as part of purchase money for the following described land. All that certain tract or parcel of land, a part of the P. Varela XI League Survey in Limestone County, Texas, and being the Eastern portion of a seventy-seven (77) acre tract sold by Jack Womack to Phil Karner on March 16, 1920. Beginning at the N. E. corner of the said 77 acre tract, a stake at an old fence corner on the S. line of Tyler St.; Thence S. 84 deg. 8' W. 273 feet and S. 84 deg. 35' W. 125 feet to the N. W. corner of this tract, a stake in the S. line of Tyler St; Thence following the old fence of the said tract N. 65 deg. E. 1263 feet to its S. E. corner a stake at the fence corner, N. 36 deg. 29' W. 456 feet a stake at fence corner, N. 51 deg. 28' 323 E. 35 deg. 31' W. 715 ft. a

JIM SAYS THAT HE WILL BE HIGH TONED FLUNKY

(By United Press)

TEMPLE, Texas, Nov. 5.—"A high toned flunky—that's what I'm going to be," former Governor James E. Ferguson declared early today as Mrs. Miriam A. Ferguson gathered in the votes that will make her the next governor of Texas.

The Fergusons tabulated votes themselves until victory seemed assured, interrupting their figuring to accept congratulations of friends pouring in through the newspaper office where they sat. "Ma" Ferguson was elated, squirming in her chair as the totals mounted close to the hundred thousand mark. "Pa" Ferguson was quiet, but there was a gleam of triumph in his eyes.

"Bet your life I'm going to have an inaugural ball," the governor-elect declared.

"I've got a cold but I guess Butte has worse than that" she jest-ed. "He's probably having a chill about now."

Mrs. Ferguson has never seen either Dr. George C. Butte, Republican candidate, or Judge Felix D. Robertson, her Democratic opponent in the primaries, both of whom fell before the Ferguson political lance. Mrs. Ferguson takes office as governor of Texas on January 20, 1925, a few months less than eight years after her husband resigned the office in the face of impeachment.

stake at fence corner, S. 54 deg. W. 23' W. 320.2 feet a stake at fence corner, N. 35 deg. 05' W. 262.9 feet a stake at fence corner, and N. 3 deg. 35' W. 342 feet to the place of beginning, containing 38.19 acres of land.

Said property was conveyed by plaintiff to defendants, November 7, 1921. That each of said notes is due and unpaid, though often requested defendants refuse to pay any part of said notes, to plaintiff's damage in the sum of \$12,729.99. Said notes have been given to Keys & Mason, Attorneys, for collection. Plaintiff to pay Attorneys ten per cent for collection fee.

Plaintiff says defendants divided said property into what is known as Winans Addition to the City of Mexia, and plaintiff released Lot 4 in block 16 of said addition, but asserts that lien is valid against hereinafore described property, with exception of Lot No. 4, in Block 16.

Plaintiff further says defendants are attempting to assert a Materialman's Lien on Lots 18 and 19, in Block 4 of said Winans Addition. Said lien constitutes a cloud upon title and should be held for naught.

Wherefore plaintiff prays for judgment for his debt, interest, attorney's fees, and costs of suit, and for foreclosure of his lien on above described land and premises, and that same be sold according to law; that officer executing said sale place purchaser of said property in possession thereof within thirty days after day of sale. And that the lien of the defendants Buckner & Wright, be decreed of no force against this property; and for such other and further relief, general and special, in law and in equity, that he may be justly entitled to.

Herein Fail Not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under My Hand and the Seal of said Court, at office in Groesbeck, Texas, this the 4th day of November A. D. 1924.

JOHNSON WAKEFIELD Clerk, District Court, Limestone County.

By CLARA HEATLY Deputy.
